Works with: VX260, VX231, VX300 Series, VX400 Series eVerge- eVX531, eVX534, eVX539

Perfect for multi shift users who are constantly plugging and unplugging earpieces, causing accessory port issues. This solution is reverse wired so the earpieces are plugged into the adaptor instead of directly into the radio, eliminating unwanted service problems for the dealer.

- Adaptor stays connected to the radio and accessories are connected and disconnected to the adaptor.
- Avoid costly repairs and radio down time associated with accessory port issues.

Our Hirose™ quick disconnect adaptors allow users to quickly attach and detach accessories without having to use the connection to the radio.

A great option for users who want to disconnect the radio without removing their accessory, disconnect quickly for charging the radio or quickly change between radios.

Adaptor Options

AD-K1-Hirose - works with Kenwood radios

AD-M12-Hirose - works with Motorola MOTOTRBO radios

AD-M3-Hirose includes PTT and 3.5mm accessory port

[See on Adaptor Page](#)

- Allows accessory to stay on person while changing or charging radios.
- Adaptor stays connected to the radio and accessories are quickly connected and disconnected to and from the adaptor
- Engineered and designed to ensure quality control
