### » EMPLOYMENT

#### April 2022 - Present

##### Hybrid Designer / Fabricator

*Mutuus Studio - Seattle, WA*

Utilizing the full breadth of my experience and skillset this position has afforded me the luxury of being both a furniture, object and lighting designer and fabricator, managing the fabrication shop, in-house product photography, architectural model construction and project management.

#### June 2017 - September 2021

##### Site Supervisor / Carpenter

*Hammer & Hand - Seattle, WA*

Site supervision and carpentry for residential and commercial projects from start to finish. Duties ran the spectrum from labor organization, material take-offs, sub contractor management, architectural and structural consultations and client relations. Carpentry included Frame-to-finish responsibilities.

#### August 2012 - Present

##### Designer / Carpenter

*Prajna Design & Construction - Lexington, Kentucky*

Carpentry and architectural design work from design conception through trim carpentry. All phases of design from concept sketches to working plans and sections. All phases of construction from foundations to framing to trim carpentry and everything in between.

#### January 2012 - August 2012

##### Architectural Intern

*Morphosis Architects - Culver City, CA*

Contributing to production through every phase of design, including model preparation, construction and finishing, design team development using Rhino, Microstation and Adobe Illustrator, Photoshop and InDesign. Chosen to act as Shop Manager to coordinate work flow and oversee model design and construction.

#### May 2010 - August 2010

##### Contractor / Carpenter

*Center for Sustainable Cities Design Studio - Lexington, Kentucky*

Contracted carpentry and general maintenance services around professor Levine's house and studio, Raven Run. I also helped to maintain the efficiency and "net zero" status of this pioneering passive home.

#### May 2006 - December 2008

##### Carpenters Apprentice

*Vimont Builders, Inc. - Lexington, Kentucky*

I performed a wide range of woodworking, building and construction services. On-site experience allowed me to grasp the full span of a construction project from foundations and framing to interior and exterior trim carpentry.

### » EDUCATION

#### College:

##### University of Kentucky

Lexington, Kentucky

Field of Study: Architecture

Graduation Date: Dec 2011

GPA: 3.776

##### Northern Illinois University

DeKalb, Illinois

Field of Study: Fine Arts

Attended: August 2000 - May 2002

### » STUDY ABROAD

#### College

##### University of Kentucky

Host University: Academie Van Bouwkunst

Location: Amsterdam, the Netherlands

Field of Study: Architecture

Program Duration: 8 weeks

### » EXTRACURRICULAR

#### AIAS UK

##### American Institute of Architecture Students

University of Kentucky Chapter

Position: President 2009 - 2010

Accomplishments:

- I was able to improve our chapters' enrollment from 11 members to 53 (almost a 500% increase).
- I Successfully hosted the AIAS 2010 Midwest Spring Quad Conference in Lexington, KY where over 250 architecture students from the midwestern states converged to participate in lectures, tours, workshops, and our infamous Beaux Arts Ball. The theme of the conference was "Balance: Between High Design and Social Relevance"
- I successfully employed the first steps for our chapter to participate in the Freedom by Design program
- Attended multiple AIAS conferences including the 2009 AIAS Grassroots conference in Washington D.C. and the 2009 AIAS Forum in Minneapolis, MN where I was able to discuss and influence the direction of design education with students from around the country.

#### Beaux Arts Ball Committee

##### UK College of Design

Position: Stage Designer 2010 - 2011

Accomplishments:

- Successfully organized a team of students to design and build the stage for the 2011 Beaux Arts Ball in Lexington, KY
