WELCOME

Fahad Ali Trading Company is one of the most prominent companies in the construction sector in the Gulf region, established in 1999 in Qatar, and has a long history of experience and innovation in the field of insulation and contracting. However, its journey has not been limited to local success only, but has expanded to include strategic partnerships with some of the largest Turkish factories in the field of insulation and construction.

تعتبر شركة فهد علي التجارية واحدة من أبرز الشركات في قطاع البناء في منطقة الخليج، تأسست في العالم 1999 في قطر، وتتمتع بتاريخ طويل من الخبرة والابتكار في مجال العزل والمقاولات. ومع ذلك، لم تقتصر مسيرتها على النجاح المحلي فقط، بل اتسعت لتشمل شراكات استراتيجية مع بعض من أكبر المصانع التركيبية في مجال العزل والبناء.

Exclusive agent for the largest Turkish factories:

momentum
Chemical and Construction Materials

01

Momentum Kimya is a Turkish company specialized in the production of environmental building materials, offering advanced solutions in the fields of thermal insulation, waterproofing, epoxy coatings, and paints to protect buildings and increase their efficiency.

ISONEM[®]

02

It is a leading company in coating and insulation technologies, specializing in the development and production of innovative solutions for thermal, acoustic, water and fire insulation, in addition to special chemical products used in the fields of defense, energy, agriculture and various industries.

mantosur
DOĞAL ISI YALITIM SİVASI

03

Mantosur is a Turkish company specialized in the production of natural insulation materials, including thermal insulation plaster, which provides thermal, water, sound and fire resistance insulation, while maintaining the ability of the walls to breathe to prevent condensation and moisture.

FIXPER

04

Fixper is a Turkish company specialized in developing environmentally friendly insulation solutions for buildings, including thermal insulation, waterproofing, sound insulation, and fire resistance, using local and inorganic raw materials to ensure natural, breathable and more livable buildings.

Journey of excellence and innovation in the insulation and construction industry

Fahad Ali Trading Company is one of the most prominent companies in the construction sector in the Gulf region, established in 1999 in Qatar, and has a long history of experience and innovation in the field of insulation and contracting. However, its journey has not been limited to local success only, but has expanded to include strategic partnerships with some of the largest Turkish factories in the field of insulation and construction.

Strategic shift towards international expansion

Fahad Ali Trading Company is one of the most prominent companies in the construction sector in the Gulf region, with a long history of experience and innovation in the field of insulation and contracting. However, its journey has not been limited to local success only, but has expanded to include strategic partnerships with some of the largest Turkish factories in the field of insulation and construction. The company's origins go back to Ikthar Trading and Contracting Company, which is one of the leading companies in the field of insulation in the region, as it has been working in this field for many years.

Commitment to quality and innovation

Fahad Ali Trading Company is one of the most prominent companies in the construction sector in the Gulf region, with a long history of experience and innovation in the field of insulation and contracting. However, its journey has not been limited to local success only, but has expanded to include strategic partnerships with some of the largest Turkish factories in the field of insulation and construction. The company's origins go back to Ikthar Trading and Contracting Company, which is one of the leading companies in the field of insulation in the region, as it has been working in this field for many years.

Bright future for Fahad Ali Company

With the continuous expansion of its partnerships, Fahad Ali Trading Company seeks to be at the forefront of companies that provide integrated and advanced solutions in the construction sector. The company's commitment to quality and innovation, in addition to its extensive experience, makes it a trusted partner for many clients in the Gulf.

The experience gained by the company over the years of its operation in the market, combined with its strong alliances with Turkish factories, will enable it to continue to provide high-quality products and innovative construction solutions that meet the changing needs of the market. Through these continuous innovations, Fahad Ali Trading Company continues to strengthen its position as one of the leading companies in the insulation and construction industry in the Gulf region.

Eco-Friendly Nature at Fahad Ali Company

At Fahad Ali Company, we are deeply committed to protecting the environment and promoting sustainability in every aspect of our operations. We prioritize eco-friendly practices by utilizing green technologies, reducing waste, and ensuring our products are produced with minimal environmental impact. From sourcing sustainable materials to adopting energy-efficient processes, we strive to create a better future for generations to come. Our dedication to eco-conscious innovation reflects our belief that every step we take toward sustainability is a step closer to a healthier planet. At Fahad Ali, we are proud to be a part of the global movement toward environmental preservation.

THE CHAIRMAN MESSAGE “

Mr. Ali Ahmed Al-jaal Al-hajaji
President

As Chairman, I am proud of our journey from Ekthar Trading and Contracting to becoming a leading name in the region. With decades of experience, we have built strong partnerships and represent top Turkish manufacturers in insulation, flooring, paints, and fire safety.

Our mission is to deliver high-quality, innovative solutions that exceed client expectations. We are committed to excellence, sustainability, and creating lasting value for our clients.

Thank you for choosing Fad Ali Trading Company as your trusted partner.

CASE STUDY

Restoration of Al-Gharrafa Mosque No. 752

Crack level

- Severe cracks were observed in the walls, indicating significant water infiltration, which poses a serious structural risk.

Ground Depression

- There is a depression in the ground around the mosque due to humidity and soil fragility, and this is also a dangerous matter that requires quick solutions.

Client Testimonial

"Fahad Ali Trading & Co. delivered exceptional restoration work for Al-Gharrafa Mosque No. 752. The project was completed on time, within budget, and with outstanding attention to detail."

— Ministry of Endowments and Islamic Affairs

95%
Agree 

The project required a full restoration of Al-Gharrafa Mosque No. 752 within a limited timeline of one month.

The project was a success, delivering the following outcomes: Timely Completion, Architectural Integrity Maintained, Budget Efficiency and Client Satisfaction

The successful restoration of Al-Gharrafa Mosque No. 752 reflects Fahad Ali Trading & Co.'s expertise in managing restoration projects with precision and professionalism. Our commitment to quality, timely delivery, and client satisfaction remains the foundation of our success.

DESIGN & RESTRUCTURING

Restructuring and redesigning insulation and plaster systems is an essential step to ensure the best performance of buildings. Through careful analysis and selection of appropriate materials, we improve thermal, water and sound insulation to provide a more comfortable and efficient environment.

Assessment & Analysis

Objective:

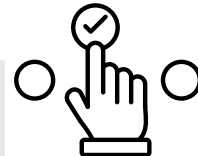

To identify the needs and requirements of the project.

Material Selection

Objective:

To select the most appropriate materials based on the evaluation.

Design & Planning

Objective:

To develop an integrated plan for implementing the new system.

Implementation & Monitoring

Objective:

Implement the system professionally and monitor performance.

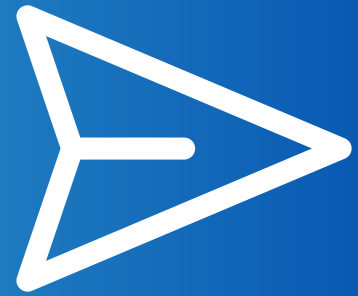

At Fahad Ali Company, we focus on implementing innovative insulation and plastering systems that aim to improve performance and reduce environmental impact. Through careful planning and continuous monitoring, we ensure effective and long-lasting solutions.
