

"PRACTICE WITH NATIVES"

ONLINE TUTORING PROGRAM

Overview: An innovative online program designed to improve students' conversational English through live interaction with native English-speaking tutors. Students aged 9 to 14.

Key Benefits: Enhance language skills and promote cultural exchange with native speakers in a structured environment.

Practice with Natives by Velvia

Our program features real-life English conversation practice with one-on-one online sessions conducted by native-speaking tutors. This immersive experience allows students to enhance conversational skills while gaining personalized attention and support.

Why Velvia?

We believe mastering English is not just learning the language, it's about gaining the confidence to communicate effectively. That's why we created the Practice with Natives program, specifically designed for students aged 9 to 14.

What Do We Offer?

Conversational Fluency

Practice makes perfect at Velvia! Students will develop conversational fluency by engaging in spontaneous dialogues with native-speaking tutors, enabling them to express their thoughts and ideas confidently in real-life contexts

Personalized Learning

With progress reports and classes organized based on language proficiency, we ensure each session has a satisfying outcome.

Cultural Exchange

Language learning not only consists of reading, listening, speaking, and grammar. Students need a better understanding of the culture by being exposed to it, and that's what we provide at Velvia.
