

Technical Data Sheet

HPE Aruba to Extreme Networks Adaptor
SKU: MQ-AEN-ADAPT

Designed to enable a seamless in situ replacement installation of access points, the HPE Aruba to Extreme Networks Adaptor by MarQuest is the perfect solution to your wireless infrastructure refresh.

The adaptor simplifies transitions between vendors without costly rework or additional ceiling infrastructure by allowing reuse of existing ceiling mounts for cost efficiency and sustainability.

Its quick and easy tool-less snap-in design reduces installation time, offering a secure and reliable adapter to mount your access points to.

Maintaining a discreet profile behind the access point for clean aesthetics, the adapter is suitable for restructure projects or vendor migration in a variety of environments and sectors.

Compatible with existing HPE Aruba 300 series Access Points to Extreme Networks XIQ Access Points.

Features
