10 Mistakes Aspiring Authors Make

1

Perfectionism:

If you choose perfection, you will never finish the project. The fear of a less-than-perfect draft stops many aspiring authors from progressing.

2

Imposter syndrome:

Many aspiring authors feel like frauds, especially if they are not extremely knowledgeable in their chosen topic. Trust your talent and your worth. No one knows everything. Believe you are enough.

3

Fear of failure and rejection:

The anxiety that your writing isn't good enough and will be rejected is paralyzing. For many, the fear of judgment from others can be so intense that they avoid writing entirely.

4

Procrastination and distractions:

Writers often avoid writing by giving in to distractions and finding other tasks to complete. Some will even do endless research, feeling that they can't start writing until they have all the information they need.

5

Starting without a plan:

Having an outline is a key starting point in writing a book. In the absence of a roadmap, authors can get lost in the narrative, leading to frustration and abandonment.

10 Mistakes Aspiring Authors Make Cont'd

6 Refusing to leave their comfort zone
Writing a book is a new skill to learn. Take the leap, even if it feels uncomfortable. Growth doesn't happen in the status quo.

7 Information overload & overwhelm:
Aspiring authors can drown in the sea of information. Following too many tips and rules can lead to "analysis paralysis", leaving them too paralysed to start writing.

8 Isolation and lack of support:
Writing completely alone can lead to lost motivation. Build relationships before you need them and give more than you take. A community helps with progress and accountability.

9 Financial concerns:
Writers may fear financial commitments they may have to make to produce a good book. Nowadays, there are ways to cut costs, so many of these concerns are unfounded.

10 The crowded market:
With millions of books being published every year, you can feel intimidated and discouraged by the competition. Your story is yours and no one can tell it like you can.
