 Indore, MP, India

SUMMARY

I'm a Certified Ethical Hacker and IT Security Consultant with experience in making organizations safer using advanced Vulnerability Assessment and Penetration Testing (VAPT). I'm good at using tools like Python, Burp Suite, and OWASP ZAP to protect systems. I love improving cybersecurity and have proven I can reduce vulnerabilities by 30% while working at DTSS Consultancy.

EXPERIENCE

Information Security Consultant
DTSS Consultants

 05/2024 - 03/2025  Dubai

A consultancy firm specialized in IT security.

- Led VAPT and bug hunting tasks, reducing security problems by 30% with careful checking and fixes.
- Made security systems stronger using 9+ tools like Burp Suite and OWASP ZAP.

Product Manager
Next Tech Waves

 07/2023 - 06/2024  Indore, India

Self-employed role focusing on technology innovations

- Designed and optimised a robotic control system, realizing a 12% performance improvement.
- Coordinated testing and validation, ensuring compliance with industry standards.
- Provided technical expertise, contributing to a 15% reduction in system failures

STRENGTHS

Web Security Testing

Good at using Burp Suite for testing web security

VAPT Expertise

Expert in VAPT with tools like Kali Linux and Nmap

Penetration Testing

Skilled in using Metasploit and other tools for penetration testing

Network Traffic Analysis

Knowledge of Wireshark for network traffic analysis

Incident Response

Knowledgeable of incident response and mitigation strategies

KEY ACHIEVEMENTS

Reduction of Vulnerabilities

Successfully reduced security vulnerabilities by 30% at DTSS Consultancy through effective VAPT

Cyber Security Specialist (Intern)

CyberSapiens

 03/2024 - 05/2024  Remote, India

A remote internship focused on cybersecurity.

- Applied CEH skills to identify and mitigate security threats, boosting vulnerability detection by 25%.
- Worked closely with senior analysts to enhance penetration testing strategies and documentation

UI Designer (Intern)

Technomize

 12/2022 05/2023  Indore, India

An internship emphasizing UI design and development

- Designed and implemented user-friendly HTML5 interfaces, improving UX
- Integrated front-end designs into functional applications in collaboration with developers
