HTML	Java Basics	

PROFESSIONAL EXPERIENCE

Intern UI/UX Designer | Techbit Design Studio

Dec 2021 - Mar 2022

- Designed visually appealing and engaging websites for clients, resulting in increased by 5% in web traffic and conversions.
- Participated in cross-functional team meetings to provide valuable input from a UI/UX perspective, fostering collaboration and innovation among team members.
- Evaluated competitor products and identified areas of opportunity to differentiate our own offerings, leading to innovative ideas and improvements in overall user experience.

ACADEMIC PROJECTS

Free Fest App UI Prototype (Figma)

- Designed Free Fest, a creative platform combining features of Canva and Pinterest, enabling users to discover, design, and share visual content through an intuitive and user-friendly interface.

Olaf Jewellery E-commerce Website (Figma)

- Designed the UI for Olaf Jewellery, an e-commerce website, using Figma—focusing on modern layouts, intuitive navigation, and a seamless shopping experience.

Fifash Clothing brand (Figma)

- Designed a clothing brand website UI in Figma, emphasizing clean layouts, brand identity, and user-friendly navigation
