Profile

An inspiring Creative Editor based in London, primarily specialising in Premier Pro and Davinci software, however I am keen to get the opportunity to learn Avid and other industry products. I thrive in a team working environment, collaborating with other departments to create high quality films. Recently I achieved a Merit in the UAL Level 4 Professional diploma in Technical and Production Practise at The London Screen Academy, completing a project funded by Working Title as a Post-Production Supervisor, DIT & VFX artist.
