

## GOTI / GOLI SODA MACHINE – 2 BOTTLE MANUAL (EKTA HEAVY DUTY)

The EKTA Heavy Duty 2 Bottle Manual Goti/Goli Soda Machine is specially designed for efficient counter sales of soda and soft drinks at shops, food courts, and vending points. It is compatible with both plastic (PET) and glass Goti/Goli bottles, making it a versatile and cost-effective solution for small to medium soda businesses.

This machine operates without electricity and is built using strong heavy-duty MS and brass materials, ensuring long life, reliable performance, and resistance to wear. It comes complete with essential accessories including regulator, cock, pressure gauge, pipeline, and spares kit for smooth and safe operation. The compact and user-friendly design allows easy handling and quick bottle refill with consistent pressure control.
