

GOTI / GOLI SODA MACHINE – 3 BOTTLE MANUAL (EKTA HEAVY DUTY)

The EKTA Heavy Duty 3 Bottle Manual Goti/Goli Soda Machine is designed for fast and efficient serving of soda and soft drinks at retail counters, food courts, and vending points. It supports both PET and glass Goti/Goli bottles, making it ideal for traditional soda businesses as well as modern setups.

This machine works without electricity, making it highly economical and suitable for mobile or remote operations. It is manufactured using heavy-duty MS and brass material for superior strength, durability, and long service life. The system comes complete with essential fittings such as regulator, cock, pressure gauge, pipeline, and spares kit to ensure safe pressure control and smooth soda dispensing.

The 3-bottle configuration increases productivity and reduces waiting time, making it perfect for high-demand locations.

Key Features:
