

Ekta Goli Soda Bottle Filling Machine – 4 Head | 200ml–350ml

A high-performance, pneumatic-operated machine designed for Glass & Plastic Goli Bottles. Built with SS304 stainless steel, it ensures hygienic, durable, and reliable performance — perfect for medium to large-scale production.

Key Features:

- 4-Head High-Speed Filling – Fills 480 bottles/hour (≈3800 bottles/day @ 8 hrs).
- Dual Syrup & Soda Dosing – Eliminates manual syrup filling, saving labour cost.
- Automatic Timer System – Ensures consistent filling and minimal wastage.
- Premium SS304 Build – Rust-free, hygienic, and long-lasting.
- Easy Operation – Branded switches & push buttons for smooth control.
- Specs – 230V single phase, size: W 24" x L 28" x H 62".
- Export - quality machine – reliable solution for scaling up soda production with quality and consistency.
