

### **Ekta Goli Soda Bottle Filling Machine – 8 Head | 200ml–350ml**

A high-capacity, pneumatic-operated SS304 machine built for rapid and efficient filling of Glass & Plastic Goli Bottles. Ideal for large-scale production requiring speed, hygiene, and reliability.

#### **Key Features:**

- Ultra-Fast 8-Head Filling – Fills 960 bottles/hour (≈7,600 bottles/day @ 8 hrs).
- Dual Syrup & Soda Dosing – Eliminates manual syrup work, reduces labour cost.
- Automatic Timer System – Accurate filling, minimal waste, and consistent results.
- SS304 Construction – Hygienic, corrosion-resistant, and durable.
- User-Friendly Controls – Safe, smooth, and easy to operate.
- Specs – Power: 230V single phase | Size: W 34" x L 28" x H 62".
- Export-quality solution for bottlers targeting high-speed production with consistent quality.
