

## **PORTABLE HANDHELD INKJET PRINTER**

**Supreme Model AKB-130 (5" Large Touch Screen)**

AKB-130 is an industrial-grade premium handheld inkjet printer designed for high-definition and high-speed printing. It delivers sharp 600 DPI output with a large 5-inch touch color screen for smooth and efficient operation. Heavy-duty build and protective case make it suitable for continuous industrial use.

It supports printing on porous and non-porous surfaces like cartons, plastic, bottle caps, steel pipes, aluminum foil bags, and more. Equipped with dual batteries, photoelectric sensor, and USB image printing for maximum flexibility and productivity.

### **Key Features:**

- 5" large touch color screen
- High definition 300–600 DPI printing
- Prints Text, Date, Batch No., Barcode, QR Code & Images
- Solvent-based ink for all surface types
- Dual battery backup with fast charging
- Photoelectric sensor for online printing
- Heavy-duty industrial body with safety case
- Multiple font & dot-matrix support

### **Technical Highlights:**

- Print Height: 2 – 12.7 mm
- Printing Speed: Up to 60 m/min
- Printing Distance: 2 – 5 mm
- Storage: Unlimited
- Machine Size: 140 × 80 × 235 mm
- Power: DC 16.8V Lithium Battery
