

## **EKTA PORTABLE CARBONATION SYSTEM WITH 250 LITERS WATER CHILLER & 1.5 TONNE COMPRESSOR FITTED WITH SODA COIL, SYRUP COILS & HIGH-PRESSURE PIPELINE**

A Specially designed carbonation system is provided equipped with a compatible chilling device to get a precise carbonation for PET Bottling machine. It's a heavy-duty machine made up of Food Grade SS304 material suitable for high pressure carbonated drinks.

### **250 LITERS WATER CHILLER**

With superior 90 mm insulation the chiller maintains cooling in spite of long power outage. It helps in cost saving by consuming up to 53% less power, the inner coil designing is done using corrosion resistant 100% copper. Internal Body is made of Stainless-Steel material which is Highly Durable & Rust Free.

Capacity - 250 Litres

Dimensions (mm /inch) - 900x850x735mm / 36x34x29 inch

Temperature Range - (-23°C) to +8°C

No. of Baskets - 1

No. of Doors - 1

Insulation - 90mm High Density PUF CFC Free

Refrigerant - R-134a

Voltage Single Phase - 190-254V, AC, 50Hz

Inner & Outer body Material - Corrosion Resistant

Pre-Painted Galvanised Steel sheet

### **Salient Features**

- 2 in 1 Convert Green Freezer & Cooler: Up to 53% less power consumption
- 100% Copper Cooling Coil
- 90 MM High Density PUF
- Upto 50% Less Heat Generation & Upto 12 Years Life
- Upto 10 Hours Backup/ Hold Over after power Cut
- Internal Stainless-Steel Body. Highly Durable
