

GOTI BOTTLE RINSER MACHINE WITH PUMP & STAND

A heavy-duty rinsing machine specially designed for Goli and soft drink glass bottles. Built with a fully stainless steel stand and high-quality fiber tray, this unit is equipped with a high-pressure pump, eliminating the need for an overhead water tank and ensuring powerful, uniform bottle cleaning.

Key Features:

- Suitable for Glass Goli & Soft Drink Glass Bottles
- Fully SS mounted stand & frame
- High-quality fiber tray for stable bottle placement
- Inbuilt high-pressure pump – no overhead tank required
- Efficient and hygienic bottle rinsing
- Durable, corrosion-resistant construction
- Easy operation & low maintenance

Ideal for soda and soft drink production units requiring fast and effective bottle cleaning
