INFORMATION**

# About Us

The Valley Station Chamber of Commerce exists to support, promote, and grow local businesses while strengthening the community we serve. We are built by business owners, for business owners, with a focus on connection, visibility, and real opportunity.

Our chamber brings together entrepreneurs, professionals, nonprofits, and community partners who believe that a strong local economy starts with collaboration. We work to create meaningful networking, practical education, and community-centered events that help businesses grow while giving back to the neighborhoods that support them.

Unlike traditional chambers, we prioritize accessibility and impact. Membership is affordable, involvement is flexible, and value is created through genuine relationships, local exposure, and hands-on opportunities to engage with the community. Whether you attend every meeting or participate when your schedule allows, your business remains visible and connected.

We proudly serve Valley Station and the surrounding Southend areas, and membership is open to businesses located both within and beyond the neighborhood. If you believe in supporting local, building trust, and growing together, there's a place for you here.

## Our Vision

To build a thriving, connected local business community that grows together and gives back.

## Our Mission

To support, connect, and promote local businesses while strengthening our community.

*Community First. Business Forward.*

# Why Join?

Joining the Valley Station Chamber of Commerce helps your business gain local visibility, build meaningful connections, and grow through trusted relationships. Membership puts you in front of customers and decision makers, creates opportunities for referrals and collaboration, and strengthens your credibility within the community. Beyond business growth, you're supporting local economic development and helping build a stronger Valley Station for everyone.

## All Memberships Include:

- Business listing in the Chamber directory
- Social media spotlights and member shoutouts
- Networking with local business owners and leaders
- Referrals and relationship-based connections
- Vendor and booth opportunities at community events
- Participation in signature events like Light Up Valley Station
- Discounted or priority access to sponsorships
- Opportunities to host meetings or events
- Educational speakers and business-focused workshops
- Increased credibility through Chamber affiliation
- Use of the Chamber member badge in marketing
- Inclusion in Chamber emails and announcements
- Flexible involvement based on your schedule
- A voice in shaping the future of the Chamber
- Support for local economic growth and community initiatives
