## Introduction and About Us

AfriConsol is a leading procurement, sourcing and scheduled product supplier within the African market. We specialize in supplying spare parts, accessories and products to the trucking, mining, automotive, power generations and yellow equipment industries.

Being a key player in supplying the African market has given us years of experience, solid product knowledge and allows us to leverage a global supply chain and best-in-class brands.

AfriConsol is able to offer procurement, sourcing and scheduled product supply of a variety of vehicles, spare parts and accessories from the USA, Europe, Middle East, and the Far East delivered to your door, across various shipping options. This allows businesses to exercise economies of scale and gain access to leading, industry-specific manufacturers.

# Purpose, Vision and Values

## Purpose

Africonsol exists to play a vital role in the procurement, sourcing and scheduled product supply within the African market. We make sure that the mining, automotive, power generations and yellow equipment industries have a reliable partner for all their procurement and sourcing needs.

## Values

- We act with Honour and Integrity
- We put the client first
- We build trust
- Delivering value for our customers
- Strategic sourcing for our customers

## Vision

Our vision is to source and supply world-class vehicles, parts and accessories from the USA, Europe, the Middle East, and the Far East for our clients. We constantly update our offerings based on the evolving needs of clients and the market. Our team will source only the best in class vehicles, parts, and accessories to feed into our global supply chain.

Africonsol is a valued and trusted partner as we continually strive to be recognized as the best procurement, sourcing and scheduled product supplier within the African market.

## Services

### Ad Hoc Procurement and Sourcing

We are a leading procurement and sourcing partner for our customers in the African Market. We only source world-class products through our global supply chain. Whether you need quality American, European or Chinese vehicles, spare parts, and accessories for you and your business we have got you covered.

### Regular and Scheduled Product Supply

We are trusted by our customers as a partner because we offer regular and scheduled product supply options. Trust us to deliver a steady supply of quality vehicles, spare parts and accessories from the USA, Europe, the Middle East, and the Far East, to keep your businesses moving forward.

Our comprehensive range of parts and suppliers means that if you are looking for a reliable product supplier you don't have to look any further, Africonsol is here for you and your business.

# Products

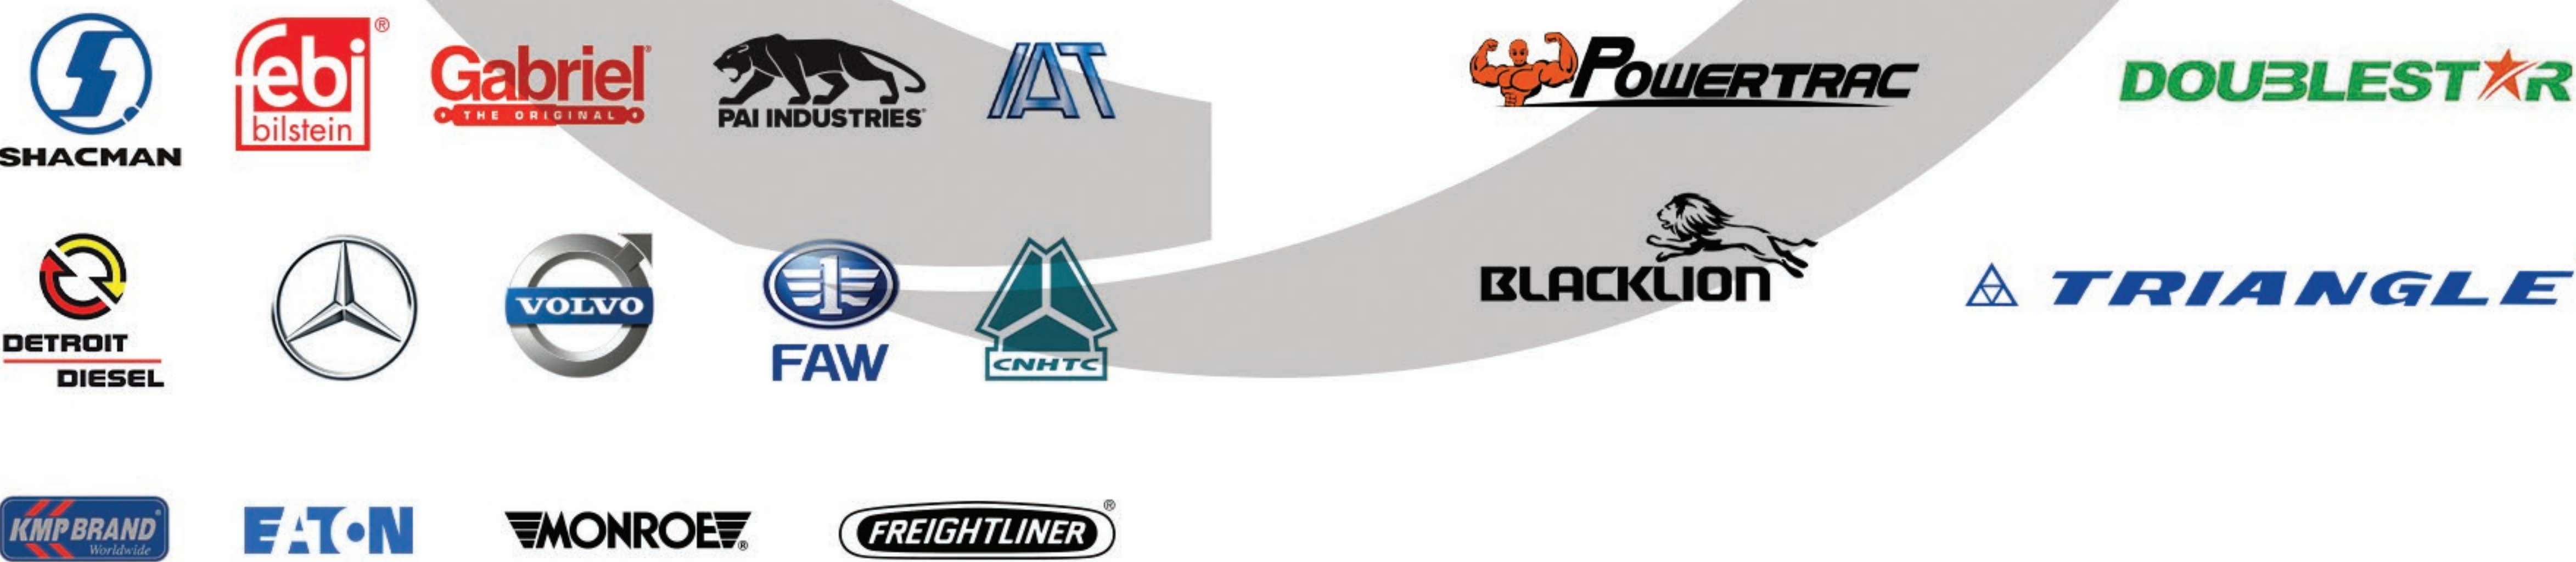

## Vehicle Parts and Accessories

One of the most important factors in keeping your business running is having access to high-quality vehicles, parts and accessories. That is why we work with and source from amazing brands like Detroit Diesel, Mercedes-Benz, Volvo, KMP brand, Pai, Febi Bilstein, EATON, Monroe, Freighliner, Illinois Auto Truck, Gabriel, FAW, Shacman and Sinotruk.

## Containerized Tyres

Having access to high-quality tyres is incredibly important to keep any fleet and commercial vehicles running smoothly. We source and supply tyres from Blacklion, Doublestar, Powertrac and Triangle.

These brands provide amazing performance and are known for their high quality and cost-effectiveness. By using advanced equipment and dedicated development teams, these brands develop and produce premium tyres perfect for the African Market.

## Products

### Lubricants and Filters

There are two things business owners and operators can do to keep their fleets and machinery running smoothly and efficiently. That is to make sure they are properly lubricated and use high-quality filtration.

Let us procure and source your lubricants and filtration solutions. Regardless of your industry and however specialized your equipment is, we source a range of products that are designed to add value to your business and keep your fleet moving forward. Using the right lubricant and filtration can bring you substantial savings by helping to maximize equipment efficiently, prolong vehicle and machinery life and reduce downtime.

We source a wide range of filtration and lubricant from Total, Valvoline, Baldwin Filters, Fleetguard and Donaldson.

### Diesel Power Generators

When it comes to power generation we work with renowned brands in power generation like Cummins and Firman.

In recent years the increased prevalence of power shortage in Africa has only increased. The need for power generation solutions has led to Africonsol becoming a key player in the sourcing and supplying of diesel power generation solutions. Whether you need power generation options for home, commercial or industrial use, AfriConsol is the perfect partner to help keep the lights on and your machinery running.

## Products

### Containerized and Palletized Batteries

We source and procure Energizer and Camel batteries because these brands deliver amazing performance for the price. Giving vehicles and equipment that extra spark and increased performance.

Whether you need battery solutions for short or long-distance applications, cars, trucks, buses, construction vehicles and equipment we can source the solution for you. Your vehicles and equipment need maximum reliability to ensure they are always ready to go. The Energizer and Camel commercial batteries have what it takes to keep every commercial vehicle, piece of equipment and every business up and running.

### New and Used Long-Haul Truck

AfriConsol has been a key player in the sourcing and procurement of new and used long-haul trucks for the trucking, mining, automotive, power generations and yellow equipment industries in Africa. AfriConsol specializes in the procurement and sourcing of new and used long-haul trucks, semi-trailers, and trailers. With us, you'll get a partner that will look out for your best interests and make sure the vehicles give you years of reliable service. With AfriConsol you are at the right place for your truck sourcing and procurement needs.
