

PATROL SERVICES

Comprehensive Patrol Coverage

To further enhance your community protection needs, our security officers will patrol and survey the property several times a day, combining vehicle and foot patrols to ensure no corner of your community goes unchecked.

- **Routine Patrols:** Regular patrols with predetermined routes to maximize trust and community security perception.
- **Random Patrols:** Surprise patrols at various times during day and night with unpredictable routes and schedules.
- **Parking Enforcement:** Ensure compliance with community parking regulations and detect/report possible violations.

BENEFITS:

- Reduce the risk of vandalism, trespassing, or theft.
- Increased deterrence through visible patrols.
- Prompt response to incidents across the property.
- Optimal parking violations management

Why Capital Protection Solutions is the Best Choice

- **Tailored Security Plans:** Customized to meet the specific needs of your community.
- **Professional and Reliable:** Combining on-site and remote security officers with technological prowess.
- **Cost-Efficient:** Our hybrid security system offers considerable savings and higher efficiency.

CAPITAL PROTECTION SOLUTIONS

Human Touch, Virtual Precision!

Optimize Your Community
Security with the Perfect Blend
of On-site and Remote
Security Protection.

SECURING YOUR PEACE OF MIND
WITH THE BEST OF BOTH WORLDS.

WELCOME TO CAPITAL PROTECTION SOLUTIONS

We understand that the security needs of residential communities are unique and ever-evolving. We've pioneered a comprehensive approach that combines the reliability of On-site security professionals with the efficiency of cutting-edge Remote Technologies.

VISITOR MANAGEMENT AND ACCESS CONTROL

On-Site Security Professionals.

Our highly trained security officers stationed at your community access gates provide a visible deterrent and immediate response capability. This On-site presence ensures a layer of security that residents and visitors can see and trust.

- **Trained and Experienced Guards:** Rigorously evaluated candidates, and current team members are selected and constantly trained to manage challenging protection scenarios correctly.

- **Peak Hour Coverage:** Officers are present during the busiest times to manage access effectively and ensure the smooth operation of your community.

Benefits:

- Fast Access Management.
- Visible deterrent.
- Personalized interaction with residents and visitors.

Improve Your Community Security with the Perfect Blend of On-site and Tech Protection

VIRTUAL GUARD TECHNOLOGY AND LIVE MONITORING

Cutting-edge Remote Security Protection Technology.

In addition to On-site security officers, Capital Protection Solutions offers state-of-the-art remote security protection technology. Our highly trained remote security officers can grant visitors access and surveil the community entrance area using the latest security hardware and software, which we professionally install and maintain.

- **Remote Access Control:** Well-trained security officers' vet and grant access to visitors through our security protection technology.
- **Cutting-Edge Equipment:** We use the latest security technology hardware and software to ensure robust protection and smooth operation.
- **Considerable Savings:** Our Remote Security Protection Technology reduces the need for a full-time On-site security officer presence, resulting in significant cost savings without compromising security levels.

Benefits:

- Combined 24/7 on-site and remote security protection.
- Quick and efficient remote visitor management.
- Cost-effective security solution.
- Greater safety, reliability, and efficiency than residents self-managing virtual visitor access systems.

Live Camera Monitoring

Continuous Surveillance for Enhanced Safety.

Our "Live" camera remote monitoring service provides continuous surveillance of the entire community. Using high-definition cameras strategically placed throughout the property, our remote monitoring security team ensures comprehensive protection.

- **Real-Time Surveillance:** Continuous monitoring of all camera feeds.
- **Proactive Incident Response:** Immediate remote and live action on any suspicious activity.

Benefits:

- Constant watch over the community
- Quick detection and response to potential security issue.
- Peace of mind for residents.
