

GIVE BIG OIL CREDIT

You've read your thank you's and END with speech below.

CONCLAVE ACCEPTANCE SPEECH

I would like to recognize the Oil & Gas Industry for the role it played in causing the recent climate destruction across Los Angeles. For decades Big Oil executives knew their product would cause climate disasters, and instead of warning the public, they lied to protect their billions in profits. Please join me and Give Big Oil Credit for all they've done.

To quote Pope Francis: "Is it realistic to hope that those who are obsessed with maximizing profits will stop to reflect on the environmental damage which they will leave behind for future generations?"
