Desiccated Coconut

Experience the natural taste and versatility of Indonesian desiccated coconut, known for its fine texture and pure, tropical flavor. This dried, unsweetened coconut is rich in essential nutrients like dietary fiber, healthy fats, and minerals, making it a healthy and satisfying addition to meals.

Medium Texture

Fine Texture

Product Specs

- Color: pure white
- Flavor: sweet characteristics of coconut
- Grain size choices: medium and fine
- Total Fat: $65 \pm 3\%$
- Free Fatty Acid: 0.15% max
- Shelf life: 12 months
- Packaging: 25kg

Coconut Oil

Crude Coconut Oil

Description

Extracted from copra (dried coconut meat), this product retains most of its natural nutrients with exceptional purity. Its high levels of lauric acid and fatty acid makes it perfectly suited for wide range of industrial applications.

Product Specs

- Free Fatty Acid: 2.97%
- Moisture: 0.24%
- Color: 6.0R/60.0Y
- Iodine Value: 8.94 gr I₂/100gr
- Peroxide Value: 2.69 Meq/kg
- Saponification Value: 250.81 Mg KOH/gr fat
- Packaging: flexi bag

Refined, Bleached and Deodorized (RBD) Coconut Oil

Description

Made from dried coconut meat that undergoes careful processing to remove impurities, resulting in a clean, neutral oil.

Product Specs

- Free Fatty Acid: 0.01%
- Moisture: 0.07%
- Color: 0.3R/3.0Y
- Iodine Value: 11.53 gr I₂/100gr
- Peroxide Value: 1.25 Meq/kg
- Saponification Value: 250.46 Mg KOH/gr fat
- Packaging: flexi bag

Cocoa Mass

A versatile ingredient used in a variety of ways in the chocolate and pastry products. With its exquisite taste, cocoa mass offers several health benefits with its antioxidant content.

- Ingredients:** Cocoa beans
- Appearance:** Intense brown with smooth consistency. Solid at room temperature.
- Color:** Rich dark brown
- Taste:** Full cocoa taste, subtle & not overpowering
- Odor:** Rich cocoa aroma

Physical and Chemical Parameters

Parameter	Value
Fat content	Min 48 %
Moisture	Max 2 %
Fineness	Min 99%

Packaging

High Density Polyethylene (HDPE) plastic in food grade carton box.
Nominal net weight of 25kg/box.

Cocoa Cake

A vital constituent in the confectionary and food industries due to its robust flavor and low-fat content.

Ingredients:	Cocoa beans
Appearance:	Kibbled and powdery with uniform texture
Color:	Light brown
Taste:	Full cocoa taste
Odor:	Rich cocoa aroma

Physical and Chemical Parameters

Parameter	Value
Fat content	10-12 %
Moisture	Max 5.0 %
pH	5-6

Packaging

Multi-layered food grade paper bags with polyethylene respirations on the inside.
Standard net weight is 25kg/bag.

Cocoa Butter

An essential ingredient to achieve ideal texture and flavor profile in chocolate products with its high fat content. It is also used in cosmetic and pharmaceutical industries.

Ingredients:	Cocoa beans
Appearance:	Semi-transparent with smooth and creamy consistency. Solid at room temperature.
Color:	Light yellow
Taste:	Full cocoa taste, subtle
Odor:	Rich cocoa aroma

Physical and Chemical Parameters

Parameter	Value
Free Fatty acid	Max 1.75 %
Moisture	Max 0.2 %
Melting point	31-35 C

Packaging

High Density Polyethylene (HDPE) plastic in food grade carton box.
Nominal net weight of 25kg/box.

Cocoa Powder

Defatted cocoa powder suitable for confectionary products. Available in the forms of **natural** and **alkalized** cocoa powder.

NATURAL

Appearance:
Smooth powdery texture

Color:
Light brown

Taste:
Sharp cocoa flavor

Odor:
Rich cocoa aroma

ALKALIZED

Appearance:
Smooth powdery texture

Color:
Dark brown

Taste:
Milder cocoa flavor

Odor:
Mellow cocoa aroma

Physical and Chemical Parameters

Parameter	Natural	Alkalinized
Fat content	0 - 2 %	0 - 2 %
Moisture	5.0 % max	4.5 % max
pH	5.5 - 6.5	8.5 ± 0.5
Fineness	Min 99.5 %	Min 99.5 %

Packaging

Multi-layered food grade paper bags with polyethylene respirations on the inside.

Standard net weight is 25kg/bag.

Vanilla Extract

Crafted from premium, real vanilla beans, this natural product delivers a pure, aromatic flavor with no artificial additives.

Offered as **alcohol** and **non-alcohol** based vanilla extracts.

Specifications

Size	1,000 ml / 2,000 ml / custom
Alcohol content	33-35 % / customized (for alcohol based); 0 % (for non-alcohol based)
Packaging	Food-grade HDPE container / jerrycan
Ingredients	Vanilla beans, Demineralize water, Food Grade Ethanol, Fructose (optional)
