

Meet Moe Islam: A Visionary Leader in Aviation and Aerospace

With over two decades of expertise in the aviation and aerospace sectors, Moe Islam has established himself as a dynamic and results-driven leader. As the owner of Marrade Enterprise, Moe leverages his extensive experience from Fortune 500 organizations to provide exceptional consultancy services. His core values—achievement, trust, integrity, and passion—are the foundation of his approach to business and leadership.

Moe's career highlights include pivotal roles such as:

Moe Islam is a seasoned aviation consultant and business owner at Marrade Enterprise, renowned for his expertise in policy development, digital platform optimization, corporate strategy, and legal advice on export-import and shipping issues. His strategic sourcing initiatives have led to significant cost savings and enhanced supplier performance. As an Account Director at Boeing International Corporation (BIC - Middle East), Moe optimized client communications, evaluated product features, and exceeded sales targets, securing long-term contracts in the Middle East, Africa, and Northeast Asia, thereby driving substantial business growth. At Boeing Subsidiary- Aviall Services, Inc., he served as a Sr. Planner and Area Sales Manager, where he maintained sales targets, ensured essential shipments, delivered exceptional customer service, and optimized inventory through advanced supply chain skills. His tenure as a Commodity Manager at Goodrich Sensor and Integrated Systems (Collins Aerospace) showcased his leadership in commodity sourcing, supply risk mitigation, and supplier development strategies, resulting in significant cost savings and operational efficiencies.

Moe Islam is known for his unwavering commitment to excellence and his ability to drive growth, optimize operations, and foster long-term partnerships. His passion for the aviation industry and dedication to his

clients and suppliers make him a trusted and approachable figure in the field. Discover the difference that Moe and Marrade Enterprise can bring to your business.

Partner You Can Rely On

Our professional sales and logistics team is composed of people who have 15 years of experience in the aviation industry. They can handle AOG situations 24 hours a day. It is our priority to keep your aircraft flying. Through our resources, as well as that of our global partners, we deliver aircraft or helicopter parts on time. We provide an immediate response to your inquiries within the day. We can provide solutions in the quickest possible time without sacrificing the quality. When we receive a request, the spare part can be withdrawn from stock right away and dispatched to the client's location. We know how important it is to keep the downtime as short as possible, and we will be with you every step of the way.

Our Inventory

We are committed to having the most wide-ranging inventory of aviation spares worldwide as well as partnering with the OEM and OEM authorized Distributors to support you better. We have access to the largest supplier of aircraft parts that include expendables, rotables, consumables and avionics. Our staff is knowledgeable of aircraft and helicopter parts, as well as the specific demands of our customers. Our extensive inventory allows us to fill orders from stock and quickly dispatch them to prevent downtime and AOG situations.

We take pride of being the one stop shop for procurement solutions. No matter what part you need, we got it in our on-hand inventory. We have a vast product base that's constantly expanding.
