- Space Planning
- Material/FF&E Specification
- Lighting Design
- Sustainable Design
- Building Codes & Regulations
- CAD Drafting
- Rendering

### SOFTWARE SKILLS

- Revit (Proficient)
- Chief Architect (Proficient)
- SketchUp (Familiar)
- Enscape (Proficient)
- Lumion (Familiar)
- Adobe Suite (Familiar)
- Microsoft Office Suite (Proficient)
- Bluebeam (Familiar)
- Canva (Proficient)

### SOFT SKILLS

- Organization
- Attention to Detail
- Communication
- Problem-Solving
- Collaboration
- Critical Thinking

### PROFILE

I am an interior design and architecture graduate who excels in space planning, selecting materials and writing specifications, and creating construction documents. My organizational skills and attention to detail serve my goal of designing spaces that are resilient and intentional. I believe that design should aim to nurture and protect users' physical and emotional wellbeing through sustainability, functionality, and timeless, purposeful aesthetics.

### EDUCATION

**Associate of Applied Science in Interior Architecture & Design** August 2022 - May 2025

Front Range Community College  
**GPA:** 3.9

**Associate of Applied Science in Architectural & Building Science**

January 2023 - August 2025

Front Range Community College  
**GPA:** 3.9

**Associate of Science**

August 2020 - May 2023

Front Range Community College  
**GPA:** 3.8

### PROJECTS

**Habitat for Humanity Residence**

JAN 2024 - MAY 2024

Developed a comprehensive set of construction documents that included floor plans, roof plans, elevations, building sections, and window and door schedules for a single-story house featuring three bedrooms, four bathrooms, a basement, and a two-car garage. The site information and guidelines were provided by Habitat for Humanity in relation to their latest development project.

**Technologies Used:** Revit

**Residential and Retail Tenant Finish**

JAN 2024 - MAY 2025

Completed two tenant finish projects based on Morning Star Living Facility in Fort Collins, Co. Designed a 3,155 sqft. retail store and an 1,800 sqft. high rise apartment unit. Both projects are completely furnished and ADA compliant. Created presentations and construction document sets for both.

**Technologies Used:** Revit, Enscape, and Canva

**Behavioral Health Clinic**

AUGUST 2024 - MAY 2025

Designed and created a presentation and construction document set for an 8,800 sqft. behavioral health treatment facility and 3,600 sqft. courtyard based on IIDA guidelines. The facility includes patient rooms, exam rooms, nurse stations, dining spaces, and is ADA compliant.

**Technologies Used:** Revit, Enscape, and Canva

### CERTIFICATES AND ACHIEVEMENTS

**Certificate of Architectural Drafting** (December 2024)

**Certificate of Fundamentals of Interior Design** (August 2024)

**Certificate of Revit** (August 2024)

**President's List - Front Range Community College** (Spring 2023, Fall 2023, Spring 2024, Fall 2024, Spring 2025)

**Phi Theta Kappa Member** (Fall 2022 - Present)
