YOPHI DOLL SHOW since 2021

✨ THE STORY BEHIND THE ORGANIZERS – ENRROKE & LORRAINE YOPHI ✨

AND THE STORY IS ONLY JUST BEGINNING.

YOPHI Doll Show was born from the vision and passion of **Enroke and Lorraine Yophi**, a couple deeply committed to elevating and professionalizing the reborn art world.

In **2021**, they created an online space where artists and collectors could connect during a time when in-person events were not possible. What started as a virtual gathering quickly grew into an international movement.

In **2022**, the event returned online bigger, stronger, and with even more global participation. The community wanted more... and in 2023, they made the bold leap to host the first in-person YOPHI Doll Show. It was a historic moment that marked the beginning of a new era for reborn art.

Since then, the show has continued to grow in 2024 and 2025, establishing itself as one of the most important events in the international reborn community bringing together world-class artists, collectors, educators, and emerging talents.

Enroke and Lorraine's vision has always been clear:

To create a safe, professional, and magical space where artists can proudly showcase their work, collectors can purchase authentic creations directly from the artists without fear of scams, and the community can learn, connect, and celebrate this unique art form.

Today, **YOPHI Doll Show** is more than an event it is an experience, an international platform, and a global meeting point for everyone who lives and loves the reborn world.

And the story is only just beginning. ✨
