

#### Safeguarding Self Audit

#### INTRODUCTION

The National Safeguarding Office (NSO) have provided this template to facilitate the conducting of a self-audit of safeguarding practices and policy compliance within Organisations and Services ('THE ORGANISATION').

This self-audit is 114 questions divided into four sections

- 1. Safeguarding principles
- 2. Safeguarding internal policy implementation and practices
- 3. Relevant workforce policies and practices
- 4. Other relevant good governance areas

At the end of each of the four sections, there is a commentary box for you to provide further information or clarity on any of the questions raised in section relating to compliance or confidence levels. Please use this commentary box to highlight areas undergoing service improvement or where service improvements are planned. This commentary box also provides an opportunity to highlight areas that you believe need capacity building support.

The National Safeguarding Office understands that Centres have many demands and requests on their time. Our Office appreciates the co-operation and support of the PICs and management within 'THE ORGANISATION' in undertaking this self-audit. This information can be considered at service reviews and meetings between CHO social care management and funded agencies.

'The Organisation' Safeguarding Self Audit

### SECTION ONE SAFEGUARDING PRINCIPALS

* 1. Details of Person i	n Charge or delegate completing on line self-audit	
Name		
Job Title		
Name of Centre\Service		
Date of completion		
* 2. Does your centre/ s the provision or deliv	service have a stated principle and philosophy of person centeredne ery of a service?	ss concerning
Yes
