

SALES SPECIFICATION

COMBINATION DRYERS 11-N9

Product Information

Chemical name: 11-N9 CAS N°: Click or tap here to enter text.

Product name: COMBINATION DRYERS 11-N9 HS code: Click or tap here to enter text.

General description

Combination Dryers 11-N9 is a high-performance multi-metal drier system specifically engineered for use in alkyd-based coatings, paints, and printing inks. It provides a balanced drying effect, combining both surface and through-drying capabilities in a single, stable formulation. This product simplifies manufacturing processes by eliminating the need to dose multiple individual driers.

Properties

| Property | Value |
|--------------------------------|-----------------------------------|
| Name | 11-N9 |
| Mental content % (+/-0.2) | 9.3 |
| Non-Volatile 120°C g/Hr (+/-5) | 45 |
| Color | Blueish Violet |
| Specific Gravity 30°C | 0.96 |
| Viscosity at 30°C (+/-3) | 17 |
| Packing | 22/25 kg M.S. Drums & 160/220 kgs |

Storage and handling:

- Shelf Life: 12 months from date of manufacture under proper storage.
- Store in tightly closed containers in a cool, dry, and well-ventilated area.
- Avoid exposure to sunlight, heat sources, and moisture.
- Use appropriate PPE (gloves, goggles, etc.) when handling.
- Stir or agitate thoroughly before use, as settling may occur over time.
