

An abstract painting featuring a vibrant palette of colors including magenta, blue, green, yellow, and red. The composition is dominated by large, bold, and expressive brushstrokes. A central, dark, irregular shape is outlined in a bright green line. The background is a mix of these colors, with some areas appearing more saturated than others. The overall effect is one of dynamic energy and emotional intensity.

Dominic Klassen  
born 1990 in Detmold, NRW, Germany

Dominic Klassen is a Intuitive Artist from Germany. He emphasises the human experience and dedicates his artistic expression to catharsis. His creative process involves different types of Crystals, Palo Santo, Copal and many other tools that he uses to open a creative gate of Consciousness. All the Artworks are channeled and handmade. Each painting is an Energetic Light- Work that will align the vibrational frequency of any place that becomes it's new home.

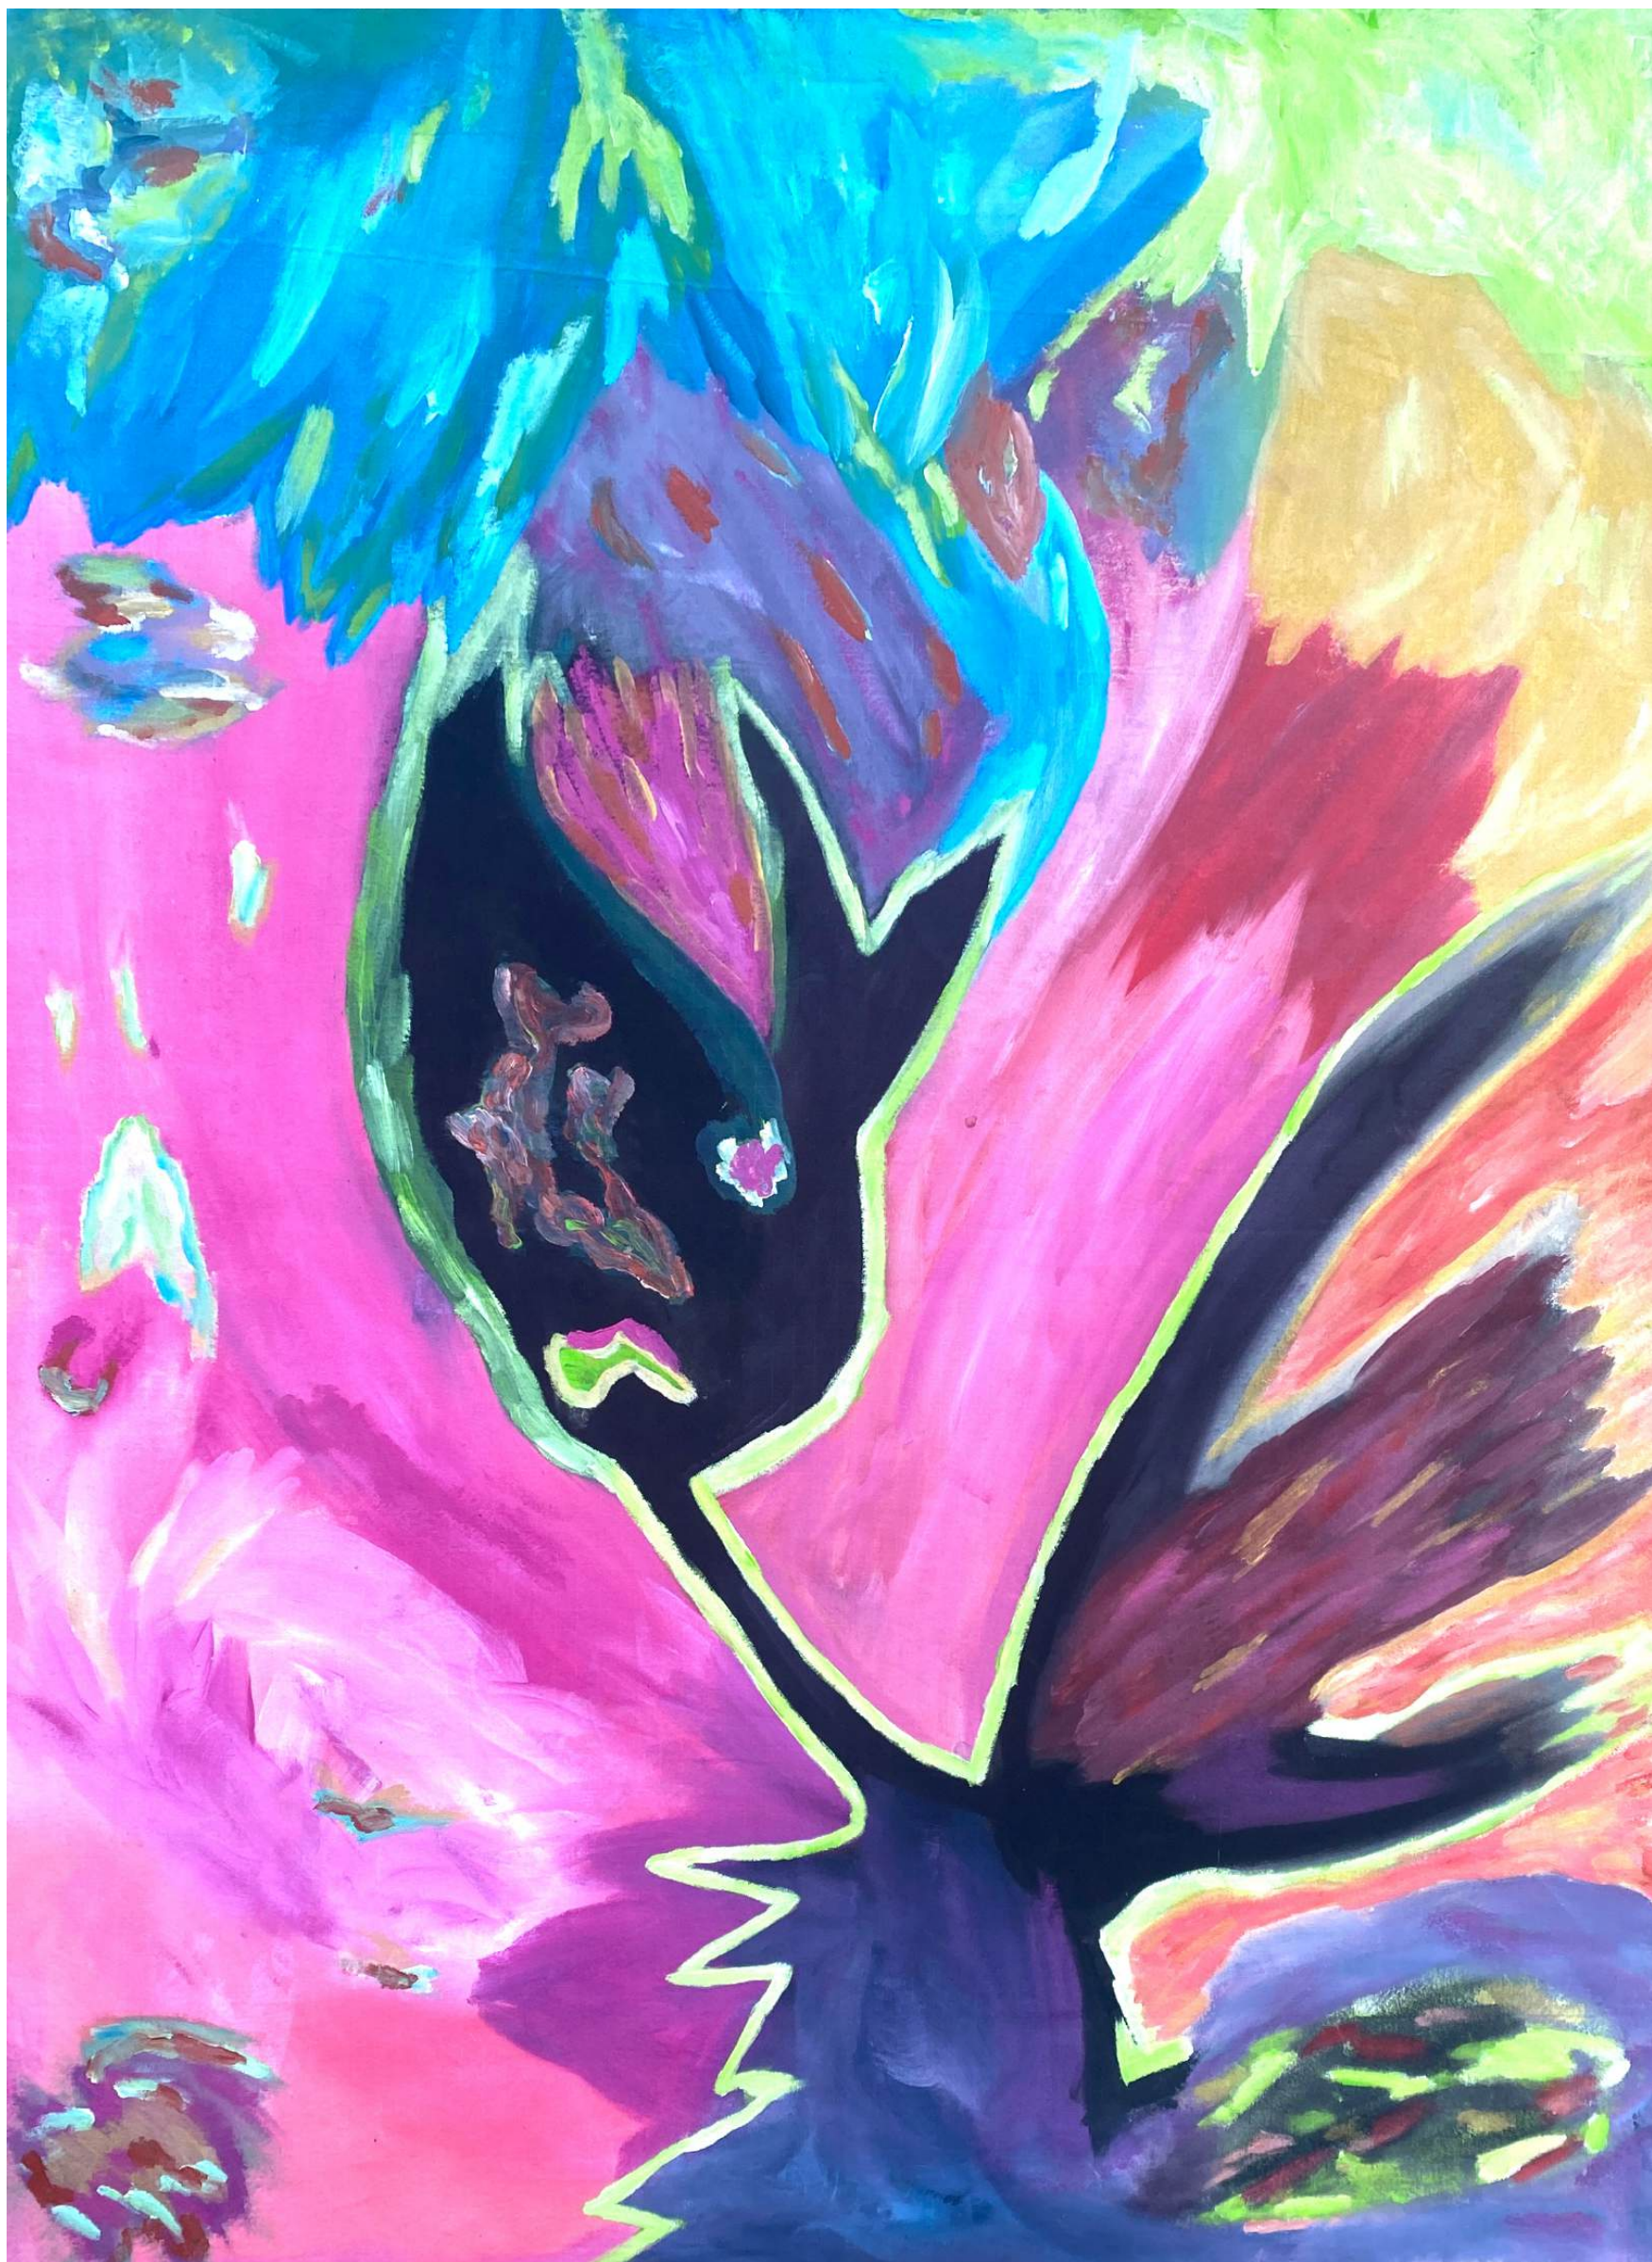

Besides his pop-up gallery, his work has been displayed in various cities across Germany, Brick Lane Gallery, London - England and most recently Tokyo - Japan and Yogyakarta, Indonesia. His work has been published in Peatsmoke Journal. He owns a clothing label, practices intuitive energetic healing work and lives all around the globe
