

The background of the entire page is a high-energy concert scene. A large, dense crowd of people is visible in the foreground, many with their arms raised. The stage is illuminated with bright, colorful lights (red, orange, and purple) and is shrouded in thick white smoke. Several large, geometric, low-poly structures are positioned on the stage, and multiple spotlights are directed towards the center. The overall atmosphere is one of a major live event.

WHO WE ARE

Clique Production is a full service audio and visual service provider based in Miami, FL.

We offer a extensive list of production services, pro-grade equipment rentals, the latest in AV technologies and a dedicated team of professionals with years of experience in the demanding production environments.

We're committed to serving you and we take our role seriously.

You can count on us to be responsive, reliable and creative in our approach to finding the right solutions to any production challenge.

Equipment Rentals

Professional Sound, Rigging, Staging, Power, Advanced Lighting, Video Displays, 24 Hour Service & Support

Clique Production offers an extensive catalog of professional grade event production equipment rental for both indoor and outdoor productions. Our equipment is meticulously maintained by our staff to ensure optimal performance and reliability. Your rental is backed by 24 hour service and support so you can be sure that you're getting the right equipment from the right place.

PRODUCTION SERVICES

Pro Audio & Live Sound

A state-of-the-art audio experience regardless of scope or environment. We offer full scale audio production services including live, on-site management of live concerts, festivals, corporate events, trade shows and more.

Lighting Design & Production

Event lighting solutions, from visual design to live production, including an extensive inventory of the latest in pro-lighting technologies and an all-star team of highly skilled technicians and engineers to deliver stimulating, audience engaging environments.

Rigging & Staging

Professional rigging and staging for indoor and outdoor concerts, shows and events. Our production staff has experience across a variety of venues to deliver stage and structure design, planning, and installation.

Video & LED Display Systems

The new standard in event production. We offer full video display services including high definition displays and LED panels, IMAG, projection mapping and live video services to create a truly immersive experience.

Design & Engineering

Our design team will plan all aspects of your production to address any engineering challenges and design requirements. We work with you throughout the conceptualization process to build CAD schematics, generate 3D renderings and compile detailed set lists to ensure smooth execution from load-in to break down.

Technical Support

Our highly skilled technicians and engineers are available to provide 24hr, on-site technical support. Our team is made up of highly skilled and professional individuals with extensive experience in some of the most challenging production environments.

Speaker Systems

Microphones & Monitor Systems

Shure SLX-D/Nexadyne

Premier Wireless Microphone System

Shure's cutting-edge digital wireless technology delivers 24-bit audio resolution with an almost imperceptible 3.2ms of latency. Add in the working range of 328 feet, and you've got a recipe for serious wireless potential.

2 Sets Available.

Sennheiser SR 2050 IEM

Personal Monitor System

The Sennheiser SR 2050 IEM wireless in-ear monitor transmitter gives you the flexibility of a twin-transmitter unit and the incredible convenience of computer connectivity. Using its Ethernet connection, you can control and monitor the SR 2050 IEM right from your computer.

2 Sets Available.

Sennheiser 2000 Series EK2000IEM

Wired Bodypack Personal Monitor

The Sennheiser EK 2000 IEM wireless bodypack receiver puts powerful and reliable in-ear monitoring performance in a very compact and tough metal housing. The EK 2000 IEM is designed to deliver dependability — the earphone cable can even double as a second antenna!

2 Sets Available.

Sennheiser Pro Audio XSW 1-825-A

Solo Wireless Microphone

The Sennheiser XSW 1-825 bundles great sound and ease of use into a sleek handheld wireless system. The transmitter employs an 825 cardioid capsule with a warm, smooth sound and excellent feedback rejection.

1 Available

Midas M32 LIVE 40-channel Digital Mixer

Loaded with 32 premium Midas preamps, 25 time-aligned and phase-coherent DSP mix buses, brilliant DSP processing and routing, and massive expansion options, the M32 is an ideal foundation for moderate venues and professional touring rigs.

1 Available

Advanced Lighting System

Pro Rogue By Chauvet Professional

Outcast 2 400W IP65 Spot/Beam/Wash Moving Head

This fixture will bring enlivening energy to any production with its dual layer-capable prisms, dual gobo wheels, and luscious color washes with 13 colors plus white. Not to mention, the IP65 rating bulks this fixture up for heavy-duty shows in wet or dusty environments on the road.

40 Available.

Rogue RX2 Wash By Chauvet Professional

R2X Wash Color Wash Moving Head

Outfitted with 19 total 25-watt RGBW LEDs and five distinct, pixel-mappable LED zones, the Rogue Outcast 2X offers a versatile, vivid display of automated and user-programmable lighting.

40 Available.

Martin RUSH MH7 Hybrid By Martin Lighting

An all-in-one beam, spot and wash moving head

with class-leading optics and a zoom system that allows designers maximum flexibility from the high-energy dance floor to performing arts spaces. Features include sharp, crisp optics with a powerful zoom that ranges from a smooth 45° wash to a punchy 2.2° beam.

56 Available.

Martin Atomic 3000 LED By Martin Lighting

LED Strobe Light With Macros

The perfect blend of a traditional strobe and cutting-edge LED technology. It offers the same extreme brightness as its iconic predecessor, but with substantially lower peak power consumption. It delivers stunning eye candy looks similar to the MAC Aura™ and the MAC Quantum™ Wash.

6 Available.

CoralPar RGB Moving Strobe By Shehds

Using 1000W controllable high-density LED RGB pixels, achieving high-definition image quality, vivid and delicate colors, presenting a realistic visual. It presents a variety of colors and patterns, providing a highly creative visual background for stage performances, exhibitions, and events.

14 Available.

COLORado PXL Curve 12

By Chauvet Professional

The secret to the COLORado PXL CURVE 12 is its 12 individually controllable tilting heads that can be pixel mapped to create eye-catching effects. Line up multiple COLORado PXL CURVE 12 fixtures for seamless edge-to-edge effects with consistent pixel pitch.

8 Available.

Intimidator Spot360 Moving Head

By Chauvet Professional

This 100-watt fixture boasts dual rotating prisms that yield captivating split beams and impressive coverage. A manual zoom function decreases the beam angle to maximize throw, while motorized focus projects crisp gobos from any distance.

4 Available.

SlimPAR Q12 ILS RGBA PAR

By Chauvet Professional

The SlimPAR Q12 ILS's 12 quad-color (RGBA) LEDs generate a broad spectrum of color with natural-looking temperatures to punch up your events and stage shows. Consistent output delivers flicker-free lighting that's camera friendly. Utilize power linking capabilities to reduce clutter, daisy-chaining multiple units together.

6 Available.

Blinder LED COB Light 2 Eyes 200W

By Shehds

Stage COB warm and cold white handkerchief lights add endless charm to your performance! Using high-quality COB light sources, this lamp combines cool and warm tones, providing you with a wide range of color choices. Accurate color temperature adjustment allows you to create a perfect stage atmosphere as you please.
