

N F K international

NY USA

N F K international

NY USA

Commercial & Hospitality *Made-in-Italy* Seating Manufacturer

NFK INTERNATIONAL since 1994 realizes and supports projects all over the world, through its collections and dialogue with architects and designers.

NFK is the result of over 30 years of experience, evolution, and growth. Although **NFK International is a US/NY based and registered Company**, the manufacturing experience started in an **Italian region** where chairmaking is a tradition. Designing and crafting a seat is a complex task, involving multiple skills and needs, this is why **NFK production sits where the tradition is**.

Nowadays, the authenticity of the past is integrated with the innovations of the present, thanks to the CNC machinery and industrial process.

The combination of craftsmanship and high industrial automation achieve the **quality** that distinguishes us and transforms our product into a **unique piece of its kind**.

Functionality, comfort and safety are essential values in all our products. In selecting materials, we prioritize quality over appearance: from wood, to padding, fabrics and other components.

NFK INTERNATIONAL is attentive to the environment.

From year to year, we implement measures that guarantee a minimum environmental impact and a greener future for all.

WHO WE ARE AND WHAT WE DO

NFK INTERNATIONAL .. SINCE DAY ONE

by your side to furnish spaces where people share moments and life experiences.

NFK INTERNATIONAL was born from the entrepreneurial mind of its founder **Nevio F Kovacevic**, who has been dealing with design and industrial production on a global level for over forty years, based in New York - USA.

An American citizen but Italian on his mother's side and Croatian on his father's side, Nevio arrived in New York at the age of 12.

After completing his studies and a degree in Economics, he worked for 10 years at Macy's New York, in all sales departments including furniture, carpets, decoration and accessories.

Thanks to this experience and thanks to the immense creativity and vitality of Manhattan in the 80s and supported by his Italian origins, he soon encountered Italian designers and manufacturers of seating specialized in office and contract markets.

Having concluded his experience at Macy's, he became a reference decorator for the most prestigious apartments in Manhattan, at the same time achieving the status of Sales Agent for referenced Italian brands.

In **1994** Nevio F Kovacevic founded **NFK INTERNATIONAL** which boasts of being, for the next 20 years, among the first large made-in-Italy seating suppliers in the USA.

Chains of hotels, restaurants and casinos are the most loyal customers, allowing **NFK INTERNATIONAL** to establish its **production in Italy in 1997**, thanks also to the personal and professional union with **Mrs. Ilaria Sialino**, still his partner.

Production that has consolidated over the years, **remaining a point of reference for many American customers till nowadays.**

THE FOUNDERS

Ilaria Sialino

Rooted in the rich tradition of **Italian craftsmanship**, our company has built its reputation on delivering seating solutions that embody design excellence, functional innovation, and enduring quality.

Our seating collections are designed to meet the evolving needs of today's workspaces, hospitality environments, and public areas. Whether you're furnishing a corporate office, a boutique hotel, or a contemporary lounge, our products offer unmatched comfort, refined aesthetics, and reliable performance.

From frame construction to upholstery and finishing, every stage of production is carried out under strict quality control protocols in compliance with international standards, including **CATAS/BIFMA and EN certifications**.

We are proud to bring **Italian-made quality to the American market**, offering timeless designs tailored to meet the highest international standards.

TWILLY COLLECTION

TWILLY LOUNGE
The seat, in a square profile is padded for comfort, and set upon four conical wooden legs with metal slipper cups. The Twilly's backrest wraps around the seat, creating a chair which is as comfortable as it is quirky.

TWILLY STOOL
Beginning with a slimline seat and backrest and ending with metal slipper cups, the Twilly barstool has a classic form in keeping with current trends.
