23th November 2023

Dear Parents and Carers,

We are excited to introduce our new Times Table Awards program, designed to celebrate and encourage your child's dedication to mastering multiplication and division skills.

These awards serve as a recognition of the commendable efforts made by students striving to reach their academic goals. We believe that acknowledging their commitment to becoming the best they can be is essential in fostering a positive learning environment.

The awards are structured as follows:

Bronze Award Star: Achieved by mastering the ability to count in steps of 2, 5, and 10, and demonstrating proficiency in the 3, 5, and 10 times tables.

Silver Award Star: Awarded to students who can count forwards and backwards, recite, and recall facts for the 3, 6, 4, and 8 times tables.

Gold Award Star: Attained by those who can confidently count forwards and backwards, as well as recite and recall facts for the 9, 7, 11, and 12 times tables.

Platinum Award Star: This highest honour is granted to students who not only master multiplication but also know the division facts for the 3, 6, 4, 8, 9, 7, 11, and 12 times tables.

The star badges will be proudly awarded during our weekly Celebration Assembly, and we encourage students to wear them on their polo shirt collars as a symbol of their achievements. The ultimate goal is for each child to collect all four badges by the time they complete their education at Wyton.

Learning times tables is a challenging yet crucial skill for success in mathematics and life. We believe it is paramount to celebrate these significant accomplishments, and we thank you for your continued support in your children's learning journey.

In addition to the awards program, we will continue to integrate the TimesTable Rockstar app into our curriculum, providing a dynamic platform for students to showcase their understanding and progress.

Once again, we appreciate your partnership in nurturing your children's educational development.

Yours sincerely,

Mrs. Pugh
