**Rewrite the text in the Future Simple tense.**

The long, hot days of summer end. There isn't much sunshine during the day and the nights are not warm. The days grow shorter and the air becomes cooler.

The flowers don't bloom and the leaves cannot make enough chlorophyll to keep them green. Then the other colours in the leaves begin to show. Leaves become yellow, orange, red and purple and later they drop from the trees.

The season of autumn comes. It lasts for three months.

But people don't stay at home. At weekends they often go for walks in the parks. Children like to stay outdoors and play football and other games. They know that winter is on its way, so they don't want to miss this wonderful time of the year – Autumn.
