ABOUT ME

I like Arts, craftsmanship, architecture, the scent of frangipani blossoms, terracotta and "bleu Klein", red lipstick, San Francisco vibes, the night sky in Moorea, malachite and lapis lazuli, natural fabrics, walking in nature, eucalyptus trees and harvesting in my garden.

I have been designing my own clothes and jewelry for many years now.

As a child and teenager, I lived in Gabon for 16 years. During the pandemic, I travelled by car for almost 1 year and lived in Portugal for 6 months.

I created and managed a B&B in Belgian Ardennes for 2 years.

Boeuf bourguignon, gravlax salmon, chocolate cake and berries jam are my best recipes.
