Spanish I am working to recover a B1 level (10 years at school)

## **ABOUT ME**

I design unique fashion items and contemporary jewelry.

As a child and teenager, I spent 16 years in Gabon. During the pandemic, I travelled by car for almost 2 years and lived in Portugal for 6 months.

I have created and managed a B&B in Belgian Ardennes for 2 years.

I like fashion (as art craftsmanship), design, architecture, sculpture, the scent of frangipani blossoms, terracotta walls and "bleu Klein", red lipstick, San Francisco vibes, the night sky in Moorea (French Polynesia), natural fabrics, eucalyptus trees and harvesting in my garden.

Boeuf bourguignon, chocolate cake with candied orange peel, walnuts pesto, lemon meringue pie, blackcurrants coulis and gravlax salmon are my best recipes.
