EDU SKILL GROUP

Introduction

Who We Are :

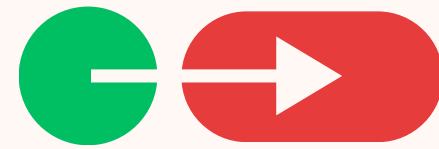

Edu Skills Group is a leading organization dedicated to empowering individuals through skill development and training. We specialize in successfully implementing various government projects, including RSCDC and PM Vishwakarma, across multiple sectors such as IT, healthcare, and safety.

Our partnerships with prestigious programs like Skill India, CSC, NSDC, and other government initiatives enable us to create transformative opportunities for students, professionals, and communities. With a mission to bridge the skill gap, we strive to build a future-ready workforce, fostering self-reliance and economic growth.

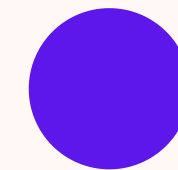

EDU SKILL GROUP

Message

At Edu Skills Groups, we firmly believe that every individual deserves the opportunity to unlock their full potential. Our focus extends across various sectors, including IT, healthcare, and safety, as well as skill development for school students to nurture their foundational abilities. By equipping learners with industry-relevant skills, we aim to contribute not only to personal growth but also to the socioeconomic development of our nation.

As we look ahead, our vision is to expand our impact by collaborating with schools, colleges, corporations, and government initiatives. Together, we can build a workforce that is future-ready, resilient, and capable of driving innovation and excellence.

Thank you for being a part of our journey. With your continued support, we will keep transforming lives through education and skill-building.

Warm regards,

Mr. Yash Soni

CEO, Edu Skills Groups

EDU SKILL GROUP

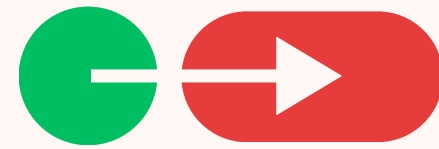

Our Proposal for Training Centers

We are excited to present an incredible opportunity for training centers to register under our esteemed Skill Development Programs. By partnering with Edu Skills Groups, your center will contribute to addressing the growing demand for skill-based education, offering a wide array of services and solutions to empower learners and enhance their employability.

At Edu Skills Groups, we have established a proven model for skill development that combines our extensive experience in education and training. We are not offering a franchise but inviting training centers to become a recognized part of our network, providing you with the tools and support needed to succeed. Our registration package includes comprehensive assistance—from initial setup and curriculum support to ongoing training and marketing strategies—to ensure your center can thrive in delivering quality skill development programs.

EDU SKILL GROUP

Problems faced by Students

- **Poverty:** Financial constraints can prevent students from accessing quality education. They may lack the resources to afford fees, and other essential supplies
- **Teacher Shortages and Quality:** The availability of qualified and motivated teachers can be limited, particularly in remote or disadvantaged areas. Unqualified or disengaged teachers may struggle to effectively impart knowledge to students
- **Access to Technology:** Lack of access to computers and the internet can hinder students from benefiting from digital learning tools and resources
- **Health Issues:** Illnesses and disabilities can prevent students from attending school regularly or participating fully in the learning process
- **Lack of Parental Support:** Students may not receive sufficient support at home to excel in their studies, impacting their academic performance and overall development

Solutions

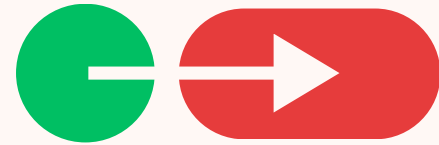

EDU SKILL GROUP

- AT EVCSM Training Center Student can take Admission at affordable fee and get quality education. Provide Free education to Handicapped Students.
- AT EVCSM Training Center Student can get Certified Teachers at their training center, Guide & Help teachers also to give student a proper knowledge of their selected courses with the help of EVCMS E Books.
- AT EVCSM Training Center Student can learn with their smartphones as EVCSM Student portal is Available in Online mode and Student can learn easily by selecting their courses anytime anywhere.
- **Career Advancement and Skill Development:** EVCSM courses offer opportunities for students to acquire new skills, certifications, or degrees that can lead to career advancement or a career change
- **Cost-Effective:** EVCSM courses are often more affordable compared to traditional on-campus programs
- **Accessibility:** EVCSM courses are accessible to students regardless of their geographical location
- **Diverse Course Options:** EVCSM platforms offer a wide range of courses and programs, allowing students to choose from various subjects and fields of study
- **Inclusive Learning Environment:** At EVCSM education can create an inclusive environment where students of diverse backgrounds and abilities feel comfortable participating and contributing to discussions without facing the potential stigma they might encounter in traditional classrooms.

EDU SKILL GROUP

Product and Technology

EVCSM create an inclusive and supportive educational platform which help student to learn,
Skill Themselves and Become Employed.

Portal Link: www.evcsml.co.in

**Student can access the portal
by Login their ID and Password.**

- **Student Information Management:** EVCSM portal should allow administrators to store and manage comprehensive student information, including personal details, contact information, enrollment status, attendance records, and academic history

- **Admissions and Enrollment:** This feature facilitates the admissions process, allowing prospective students to apply online, upload required documents, and track the status of their applications. Administrators can review and manage applications efficiently
- **Course Registration:** Students can register for courses online through the portal, view available courses, check prerequisites, and receive confirmation of their registrations
- **Academic Records and Grading:** EVCSM portal should maintain students' academic records, including grades, class schedules, exam results, and transcripts. Faculty members can input grades, and students can access and monitor their academic performance
- **Communication Tools:** EVCSM portal should facilitate communication between students, parents, teachers, and administrators. Features like email, messaging, and discussion forums can enhance communication and collaboration.
