ABOUT OUR PARTNER

Is the earliest professional enterprise engaged in the manufacture of complete sets of transportation equipment. Our partner company was established in 1999 and has more than 340 employees, and is engaged in intelligent transportation and security projects. Always adhere to a specific development direction and serialize products. They put quality first; regard intelligent transportation and safety projects as outstanding work. So far, they have become a large-scale enterprise integrating product design, production, sales, service and engineering.

CONICAL POLE

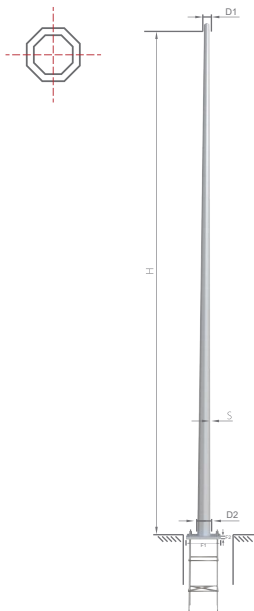

TECHNICAL FEATURES MATERIAL

Steel: Q235, Q235B, Q345

TOLLERANCES

External diameter	±1%
Shapne	±3%of the diam eter
Thickness	±10%
Straightening	±0,3%of total length
Length	±0,5%

H	S	D1	D2	F1	F2
	(mm)	(cm)	(cm)	(cm)	(kg)
6M	2.5/3	60-76	135/140	280*280*12	55
7M	2.75/3	60-76	150	280*280*12	81
8M	3	60-76	150/160	280*280*12	100
9M	3.25/3.50	60-76	175/180	300*300*12 340*340*14	118
10M	3.5/3.75	60-75	180/190	350*350*12 360*360*14/16	146
11M	3.5/3.75/4	60-70/80	180/200/210	350*350*16 360*360*16/18	165
12M	3.75/4	60-70/80	200/210	350*350*16 380*380*16/18/20	190
