# WHO WE ARE

---

Founded in 2023, NH Garments is an **apparel manufacturer** based in **Tiruppur, India**, specialising in casual wear, formal wear, and ethnic wear. We work with both knitted and woven fabrics, offering all-season apparel made from cotton, polyester, cotton-poly blends, cotton-lycra blends, linen, and rayon. Our goal is to provide affordable, high-quality, and customizable apparel solutions for brands, retailers, and white-label product seekers.

## MEET OUR FOUNDER

---

I started NH Garments in 2023 after realising the 9-to-5 routine just wasn't for me. After completing my MBA from XIME, Kochi, I knew I wanted to be an entrepreneur. Throughout my life, I've always been connected to the apparel industry in some way, so it felt natural to dive in and start my own manufacturing unit.

One of the biggest challenges I've seen in this business is sourcing and procurement, and with NH Garments, I aim to solve that for others. I believe India is on the path to becoming a major manufacturing hub, and through this venture, I want to be part of that journey and make a meaningful impact.
