

REM INTERNATIONAL

Raising the Bar for best quality product with better service Excellence

Gold and Silver Refining Machine Manufacturer

Manufacture of NABI Dore Bar Refinery Setup , Gold Refinery Machines , Silver Refining Machines , Complete BIS Hallmarking Setup , NABL , Fire Assaying Laboratory Setup , ETP Plant .
All types of Chemical Hood and Scrubbers , Blowers , Chemical Titanium Reactors , Furnace , Melting

Technical Specification And Benefits:

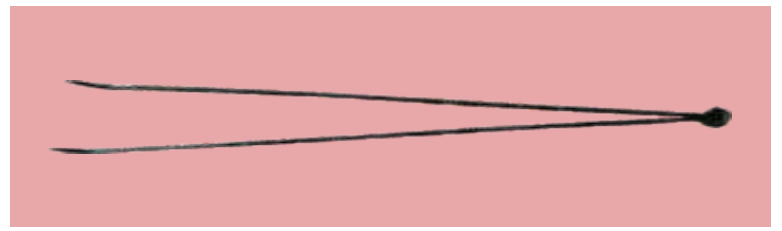

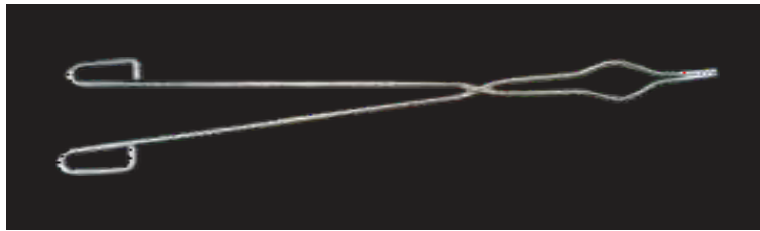

- Machine is designed in Capacity from 10 kg to 1000 kg
- Silver Nitrate Refining Process .
- Refines – Dore Bar / Raw Silver /Old Jewellery /Polishing or Buffing Dust .
- Removes all Impurities –e.g . Ruthenium /Osmium / Iridium etc .
- No loss in Recovery of Metal .
- Purity - 999+
- Non – Corrosive Reaction Tank – SS 316.
- Polypropylene Scrubber Unit .
- Imported Quality Pumps and Motors and other accessories.
- No Chemical Fumes.
- No Foul Smell .
- Sound and Vibration Free .
- Pollution free – 100 %.
- Minimal Refining Process Cost .
- Low Maintenance Cost .
- Eco- Friendly technology used.
- Fully safe and secure.
- Machine with longer lifespan and durability .
- Single person operational machine.
- Onsite Complete Training and Support .

Gold Refinery mchine

Hallmarking And Fire Assaying Laboratory Setup

Technical Specification And Benefits .

Machine is designed in capacity from 500 gms to 500kg .

Aqua Regia Refining Process.

Refines – Dore Bar /Raw Gold /Old Jewellery / Polishing or Buffing Dust .

Removes all impurities – e.g Ruthenium / Osmium /Iridium etc.

No loss in Recovery of Metal

Purity – 999 +

Non – corrosive Titanium Reaction Tank .

Polypropylene Scrubber Unit .

Glass Triple Cycling Condensor .

Imported Quality Pumps and Motors and other accessories.

No Chemical Fumes .

No Foul Smell.

Sound and Vibration Free .

Pollution Free – 100 %

Minimal Refining Process Cost .

Low Maintenance Cost .

Eco- friendly technology used.

Fully Safe and Secure.

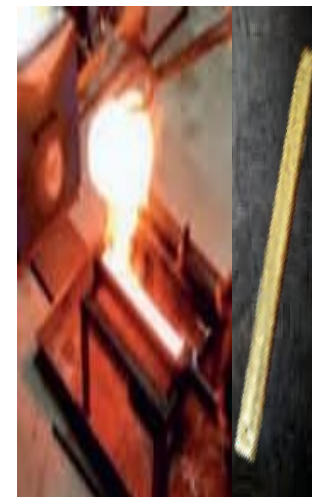

Machine with Longer Lifespan and Durability .

Single person operational machine .

Onsite Complete Training and Support .

Compact Design for Minimum Area Installation

Totally Safe to install in Jewellery shop officie .
