GET TO KNOW

TEAK ATELIER

we are an interior design studio with a storytelling concept, we listen to stories from clients and realize them in interior design, we also adjust to the needs of each client.

Since 2017 we have started working on interior design & build, the projects we have worked on residential, retail, public space, school, and others.

In 2025, we will expand our service coverage by working on interior styling for the budget class. With interior styling, you can still beautify your room even with a limited budget.

Our journey

2017

Starting from residential projects. we have worked on approximately 10 projects with different designs to suit the homeowner's story and dreams.

2021

in 2021 we started to expand our service by working on office and school projects. we worked on the design for al azhar jakapermai.

2023

this year we are expanding our service coverage again by working on retail projects. we worked on designs for agustinus salon in serang.

Today

And Now we work on projects from residential, office, retail, and also other public spaces. and we also add services with interior styling for the budget class.

Ayodhya garden residence

modern design with light color of laminates makes the room looks bigger, clean lines looks elegant.

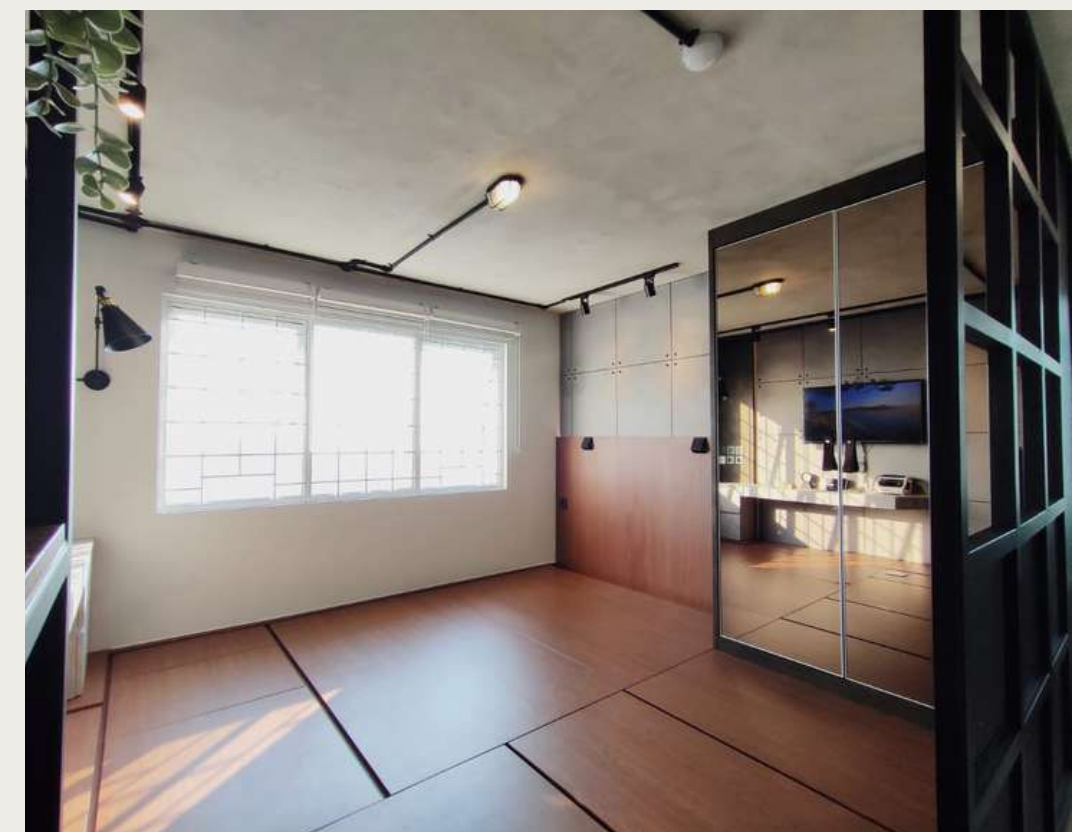

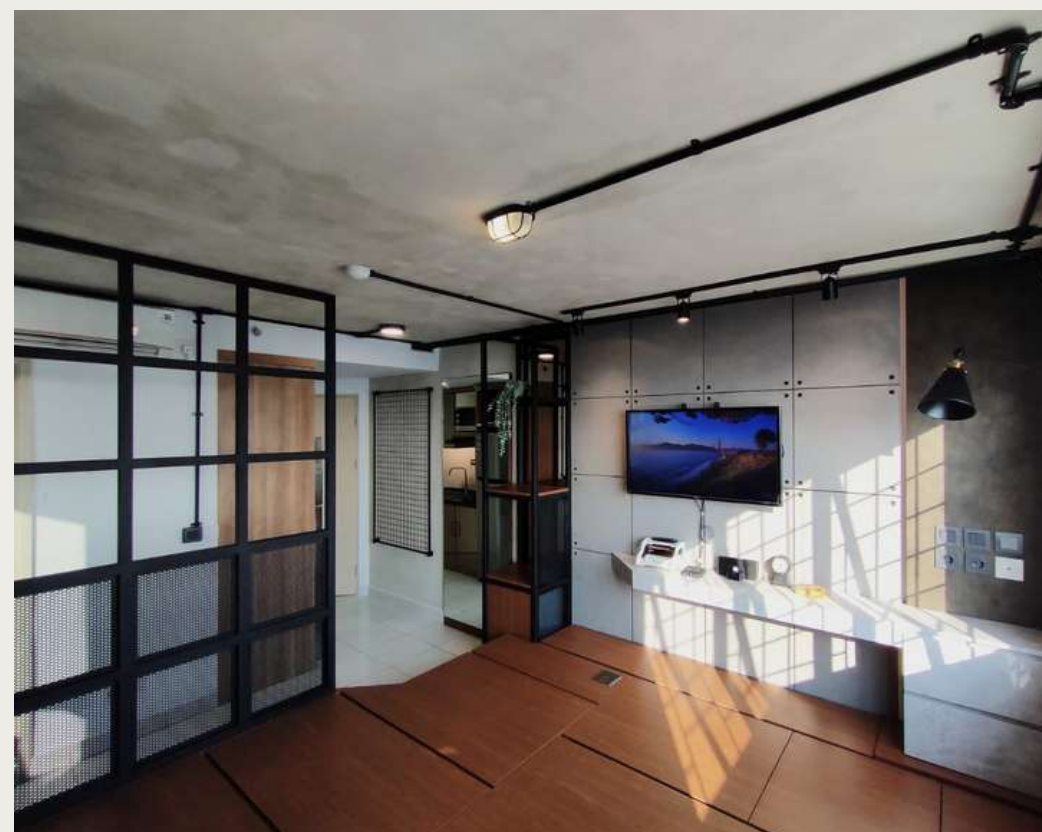

RESIDENTIAL PROJECT

AMETHYS STUDIO APARTMENT

Interior design & build studio apartment with only 30 m2 area, can be maximized for storage and daily activities.

By using multifunctional bed storage, during the day it can be used as a spacious living room, and at night it can be used as a comfortable bed room

- Smart Storage – Efficient cabinet system with pull-out drawers and modular shelves.
- Damp Resistant & Durable – Tropical weather resistant materials such as HPL or high-quality wood with anti-termite finishing.
- Easy Maintenance – Easy to clean surface without reducing the natural impression.

BEFORE AFTER PROJECT

amethys apartment

With only 30m2 studio apartment you can put your stuff into a hidden storage.

Versailles residence

Our client is from Bali, in this project we created a tropical style design with a touch of wood color accents to make the room look natural, and bright colors make the room look spacious.

Surabaya residence

in this project, the client wanted a classic style house. the need is for the elderly.
we design the master bedroom on the 1st floor to facilitate her movement. with the kitchen
and living room dominated by bright colors makes the room look spacious and elegant.

TEAK ATELIER

pesona residence

Our client wanted to create a house that looked tropic and natural. We chose a modern tropical style with white as the dominant color and wooden accents that made the room look spacious and cozy.

al azhar jakapermai

This Al Azhar office project is made with a simple tropical style concept, using bright colors, wooden accents and plant decorations to make the office space look cool and comfortable.

Without total renovation, the room that originally looked narrow and dark can be designed to look spacious and bright.

TEAK ATELIER

al jihad mosque

In this mosque design, we only wanted to change the appearance of the direction of the qibla, we chose a modern style with a dominant wooden accent on the direction of the qibla and white in the surrounding color, creating focus on the direction of the qibla but still looking spacious.

TEAK ATELIER

babelan kitchen set

Kitchen set design for a kitchen that is not too large but the division of each space is maximized, adjusted to the needs and electronics used, so that storage in the kitchen is maximized.

TEAK ATELIER

BEFORE AFTER PROJECT

babelan residence

Presenting a fresh natural feel with a modern touch, this kitchen set combines exposed wood materials, earthy colors, and minimalist lines to create a comfortable and aesthetic kitchen.

bsd kids bedroom

we got a children's room design project, with the need for a play area above the bed. in this design, bright colors and a safe design for children were chosen. with a fairly large play area and a painting corner and a study table for children's needs.
