

# Tutorial: How to Purchase Digital Dinars

Learn more at [www.DigitalDinars.com](http://www.DigitalDinars.com)

Pre-sale through April 30, 2025, 4 p.m. EST

# Step 1. Install and Set Up Phantom Wallet

Phantom is a user-friendly cryptocurrency wallet tailored for the Solana blockchain.

## I. Download Phantom

### Desktop:

- Visit the [Phantom website](#) and **download** the browser extension compatible with your browser (Chrome, Firefox, Edge, Safari, or Brave).

### Mobile:

- Access the App Store for iOS devices or the Google Play Store for Android devices, and **download** the Phantom app.

## Mobile:

- Access the App Store for iOS devices or the Google Play Store for Android devices, and **download** the Phantom app.

## Desktop:

- Visit the Phantom website and **download** the browser extension compatible with your browser (Chrome, Firefox, Edge, Safari, or Brave).

# Step 1. Install and Set Up Phantom Wallet (continued)

## II. Install Phantom on your phone or computer

## III. Open Phantom and Create a New Wallet

### Mobile:

- Open the Phantom app.
- Tap "Create a New Wallet."
- Follow the setup steps on Phantom.
- **Securely store** the Secret Recovery Phrase.
- Set up a strong password or enable biometric authentication. Save your PIN securely.

### Desktop:

- Click on the Phantom icon in your browser toolbar to open the extension.
- Click "Create New Wallet."
- Follow the setup steps on Phantom.
- **Securely store** the provided Secret Recovery Phrase; it's essential for wallet recovery.
- Set up a strong password or enable biometric authentication. Save your PIN securely.

**For detailed guidance, refer to Phantom's official setup instructions:**

<https://phantom.com/learn/guides/how-to-create-a-new-wallet>

## Step 2: Fund your Phantom Wallet

To buy Digital Dinars, you will need to purchase Solana (**SOL**) through your **Phantom Wallet**.

**The Price of 1 SOL fluctuates depending on the current exchange rate (the market rate).**

You can check the price by Googling “what is the current price of SOL”

Popular Solana price pairs include: SOL/USD, SOL/GBP, SOL/AUD, SOL/JPY and SOL/EUR.

**You will need to input MORE than the current value of 1 SOL to cover the platform’s fees for the transactions of purchasing SOL and then Digital Dinars.**

**For detailed guidance, refer to Phantom's official setup instructions:**

<https://help.phantom.com/hc/en-us/articles/36482144712083-How-to-Get-Started-with-Phantom-Wallet>

# Step 2: Fund your Phantom Wallet (continued)

## I. Aquire SOL

### Steps to Buy Crypto in Phantom:

- Open your Phantom Wallet and tap the “Buy” button on the main screen.
- Choose SOL (pictured below) from the list of available tokens.

# I. Aquire SOL (continued)

## Steps to Buy Crypto in Phantom (continued):

- Input the amount of currency you'd like to convert into crypto. The platform will automatically load a route that offers the highest return for your transaction.
- You will need to input **MORE** than the current value of 1 SOL to cover the platform's fees for the transactions of purchasing SOL and then Digital Dinars.

# I. Aquire SOL (continued)

## Steps to Buy Crypto in Phantom (continued):

- Next, tap the payment method "**Credit & Debit Card**" at the top of the Quotes screen to view all available payment options, which is **above the "Buy"** button.

You can also choose from Apple Pay, Google Pay, debit/credit card, or bank transfer.

The Price of 1 SOL fluctuates depending on the current exchange rate (the market rate).

# I. Aquire SOL (continued)

## Steps to Buy Crypto in Phantom (continued):

- Make sure to scroll through the whole list of quotes to select the best fit for you.
- Select your preferred provider you'd like to use to purchase the SOL.
- Once you've selected your provider, you'll be brought back to the screen where the suggested route was initially loaded. Tap "Next," and a pop-up window will appear to complete your purchase.
- If you run into any issues with the provider, you will need to contact their support for further assistance.

**For detailed guidance, refer to Phantom's official setup instructions:**

# Step 3: Connect your Phantom Wallet to Smithii Tools

**NOTE: During the pre-sale you can only buy 1 SOL worth of Digital Dinars per wallet. To purchase more, you will need to setup multiple wallets.**

I. Visit

<https://tools.smithii.io/launch/Digital-Dinars-Presale>

II. Select connect your Phantom wallet

The screenshot shows a web browser at the URL [tools.smithii.io/launch/Digital-Dinars-Presale](https://tools.smithii.io/launch/Digital-Dinars-Presale). The page features the Smithii Tools logo and navigation links. A red circle highlights the 'Connect Wallet' button in the top right corner, with a yellow arrow pointing to it. The main content area displays the 'Digital Dinars Presale' interface, including a token icon, title, description, and purchase options. The purchase section shows a 'Buy' button with a dropdown menu set to 1.00000 SOL, resulting in a purchase of 29411764.71 \$DINARS. A progress bar indicates that 0.24% of the 12010.00 SOL supply has been sold. The public sale is ending in 67:04:18:10.

III. Select Phantom

IIII. Click on "I already have a wallet"

V. Under “Import Wallet” select your preferred method of logging in

- Follow the prompts to import and connect your wallet.

## VI. Once your wallet is connected to Smithii Tools it will show up in the upper righthand corner.

The screenshot shows the Smithii Tools interface. In the top right corner, a teal button displays the wallet address **BN3...U4K**, which is circled in red. A yellow arrow points to this button. The main content area displays information for the **Digital Dinars Presale**, including a description, a progress bar for sales (0.24% sold), and a buy button. The buy button is labeled "Buy" and is next to a price of 1.00000 SOL. Below the buy button, it shows "Buying 29411764.71 \$DINARS".

Token

**Digital Dinars Presale**  
Digital Dinars - DINARS

Digital Dinars is the ultimate tribute to the strength of the Dinar - reimagined as a meme coin. While it has no utility and no ties to traditional currencies or financial systems, it stands as a symbol of power and strength associated with the unstoppable rise of meme coin wealth.

### III. When the purchase is successful it will say “success” at the center bottom of the Smithii webpage.

The screenshot displays the Smithii Tools interface for the Digital Dinars Presale. At the top, the navigation bar includes the Smithii Tools logo, a menu icon, and links for 'Tools' and 'Learn'. On the right, there are buttons for 'Priority Fees', 'Solana', and a user profile '2vg...ndA'. A dark blue banner below the navigation bar reads 'How to trend on DexScreener Free Guide'. The main content area features a back arrow, a coin icon, and the title 'Digital Dinars Presale' with social media icons. Below the title is the text 'Digital Dinars - DINARS' and a descriptive paragraph. A progress bar shows 'Sold 0.22%' with values '26.00 SOL' and '12010.00 SOL'. To the right, a 'Buy' section includes a 'Buy (Min: 1.00 SOL, Max: 1.00 SOL)' label, an input field with '1.00000', and a 'Buy' button. Below this, it says 'Buying 29411764.71 \$DINARS'. At the bottom, there are sections for 'Whitelist Sale Finished:' and 'Public Sale Ending in:' with a timer showing '70:06:39:55'. A green success notification box is centered at the bottom, containing a checkmark, the word 'Success', and a link 'Check signature'. This notification box is circled in red.
