INTRODUCTION

Trashee is a revolutionary smart dustbin designed to make waste disposal more efficient, hygienic, and eco-friendly. It combines cutting-edge technology with a sleek, modern design to make waste management easier than ever.

Trashee is an eco-friendly app that incentivizes responsible waste management by earning points by scanning Smart Profit Bin QR codes and can redeem them for discounts or freebies at partnered establishments. By fostering community engagement and supporting local businesses, Trashee promotes a cleaner, greener lifestyle with tangible benefits for all.

To revolutionize waste management by integrating innovation, sustainability, and community participation, fostering a cleaner and greener environment for future generations. Through our smart profit bins, we aim to incentivize responsible waste disposal, promote recycling, and contribute to a sustainable circular economy.

Key Elements of the Vision:

Innovation in Waste Management:

Use cutting-edge technology like smart profit bins to transform the way waste is collected, sorted, and recycled.

Incentivizing Environmental Responsibility:

Reward individuals for responsible waste disposal, encouraging active participation in maintaining a clean environment.

Sustainability and Recycling:

Commit to recycling collected waste efficiently, reducing landfill burden, and contributing to a sustainable future.

Community Engagement:

Build awareness and inspire communities to adopt eco-friendly habits, making environmental care a shared responsibility.

A Cleaner, Greener Tomorrow:

Lead the way in creating smart, sustainable urban spaces where innovation and environmental responsibility go hand in hand.

KEY BENEFITS OF TRASHEE

Automatic Lid Opening: Using motion sensors, Trashee automatically opens when you approach, reducing the need for physical contact.

Smart Waste Segregation: Trashee uses sensors to detect and segregate different types of waste (e.g., recyclables, biodegradable, non-recyclables).

Compact & Sleek Design: Perfect for modern homes, offices, and public spaces.

Voice and App Control: Manage Trashee through voice commands or a dedicated mobile app.

Eco-Friendly: Trashee helps reduce waste contamination, improving recycling rates.
