

VALENTINA ROTONDARO

I am a Multimedia Design student driven by curiosity, empathy, and clear communication. I focus on human-centered design, creating projects that are as functional as they are visual. With skills in UX/UI, frontend development, content creation, and video production, I create intuitive designs that are always aligned with business goals. I am currently seeking an internship where I can apply my technical and creative skills to solve real-world problems.

EXPERIENCE

Event coordination 2025- Present

Plan and coordinate inclusive events at Syddansk Erhvervsakademi from concept to execution. I design high-impact visual assets to drive student engagement, ensuring a seamless, human-centered experience in every event.

Workshop facilitation & Content creation 2023-present

I host monthly analog collage workshops for international groups of 20+ participants in collaboration with DOKK1 and the Royal Danish Library, managing the end-to-end production, from experience design and materials logistics to multi-channel marketing, to foster community through hands-on creativity.

Hospitality & Customer service roles 2021-2025

Deliver high-quality guest experiences in fast-paced hotels and restaurants across France, Sweden, Spain, and Denmark, effectively assisting hundreds of international guests per week in multiple languages.
