# Zen Vending

Calm convenience for  
everyday spaces.

**ZEN**  
Vending

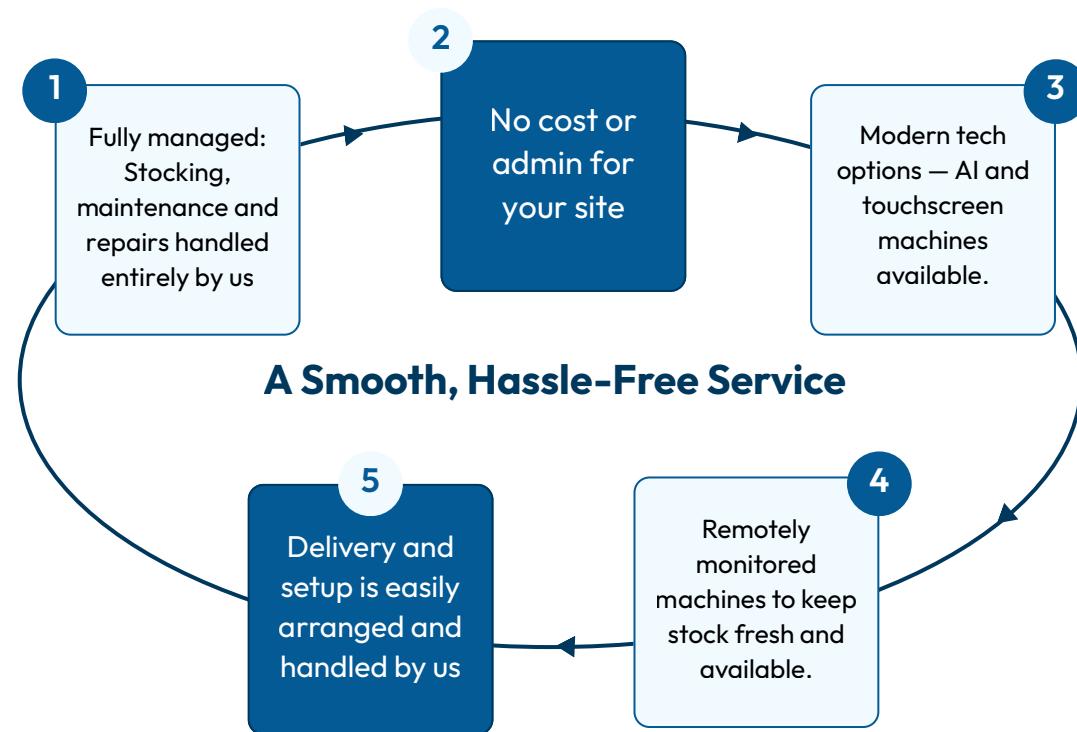

# THE ZEN APPROACH + CORE BENEFITS

## ■ The Zen Approach

At Zen Vending, we bring calm convenience to the environments people rely on every day. Whether in workplaces, gyms, residential buildings, schools or healthcare centres, our service provides a mindful mix of healthier options and trusted favourites — helping people refuel, recharge and feel supported throughout their day.

## ■ Why Zen Vending?

- Thoughtfully curated range of products, with healthy better-for-you choices
- Attractive, modern machines that elevate your space (with optional custom vinyl designs).
- Zen-inspired playlists accessible via QR code

■ **Want to see if your location is a good fit?**  
We're happy to arrange a site visit.

# RESEARCH-BACKED VALUE + BENEFITS FOR YOUR SPACE

## Research-Backed Insights

- Studies show that over 80% of students prefer healthier choices when available.
- Around 70% of students use vending machines regularly, driven by convenience, price and availability.
- Improving food options in workplaces is linked with higher satisfaction, stronger support perceptions and reduced turnover intentions.
- Vending offers a low-cost, low-maintenance alternative to on-site catering.

Introducing accessible food and drink options is a practical, measurable way to support wellbeing, efficiency and satisfaction in your space.

## How a Vending Amenity Benefits Your Environment

### Offices & Co-Working

- Enhances staff and member experience in a cost-free way
- Keeps teams onsite and reduces workflow interruptions
- Provides after-hours access when cafés and shops are closed
- Supports a healthier working culture

### Schools & Colleges

- Reduces pressure on canteens and cafés
- Offers reliable access between classes
- Encourages healthier choices across campus
- Minimises off-campus foot traffic during busy schedules

### Gyms & Leisure Centres

- Enhances member experience before and after sessions
- Members refuel and hydrate on-site
- Provides post-workout options
- Fits neatly into high-traffic spaces

### Residential Buildings

- Adds a valuable 24/7 amenity for residents
- Helps residents access essentials without leaving the site
- Fits naturally into lobbies, lounges and shared areas
- Elevates the building's overall experience and appeal

### Healthcare Facilities

- Reliable access for staff working unpredictable or long hours
- Supports wellbeing in high-stress environments
- Provides convenient options for patients and families
- Cashless and regularly serviced – ideal for clinical settings
