

Reliable Identification for Wire Harness & Cable Assemblies

Why Choose Duratek Wire Harness Labels?

- ✓ **High Durability** – Designed to withstand heat, abrasion, moisture & chemicals.
- ✓ **OEM-Approved Materials** – Meets automotive, aerospace & industrial standards.
- ✓ **Customizable** – Available in pre-printed or printable rolls/sheets.
- ✓ **Easy Application** – Compatible with thermal transfer printers & standard applications.
- ✓ **Cost-Effective** – Long-lasting identification reduces rework & warranty claims.

Applications

-  Automotive wire harness & connectors
-  Aerospace & defense cabling
-  Industrial control panels
-  Electrical & electronics assemblies

Why Duratek?

- ✓ We specialize in **labels** designed for harsh environments, ensuring every connection stays traceable throughout the product lifecycle.

Product Range

- Heat-shrinkable labels
- Wrap-around cable labels
- Self-laminating labels
- Polyester & polyimide labels
- UL & RoHS compliant materials
