Exciting & fun collaborations

APR 2025 - JUNE 2025

Overview

Created the “Release Your Natural Beauty” Campaign, that was targeted to encourage women (specifically Gen Z) to help embrace their natural looks using natural ingredient products.

This campaign was inline with a long term plan of Bottega Verde. The campaign objective was to increase online engagement and increase traffic to website from Social Media (Mainly focused on Instagram & TikTok.)

DRINU'S WORK
FREELANCE PROJECTS

- Carried out an internal & external analysis for Bottega Verde to understand their position using SWOT & PESTEL analysis. Furthered research with a competitor analysis, together with market research to understand the industry and clients better and decision making for strategy.
- Formed a strategy that was aligned with the business objective which was supported by data research that had been carried out during my time. KPI's and campaign objectives were created to set up benchmarks of campaign performance.
- Worked with influencers, curated and scheduled content for the entire campaign.

SEP 2022 - FEB 2025

Overview

Joined to help build the company's marketing department from scratch, focusing on building an online presence, enhancing branding guidelines & increasing lead generation.

"We would like to take the opportunity to thank Andrea for his professionalism, loyalty & commitment these past years. Andrea has contributed to what is now a thriving and busy marketing department that has significantly raised our digital & online presence."

~

Simon Calleja Urry, Founding partner of ISL Malta

DRINU'S WORK
PROFESSIONAL EXPERIENCE

- Established online presence helping the company increase its Facebook & Linked followers to 6,000 & 3,000 respectfully. Implemented email marketing campaigns, a new technique which previously was not done before.
- Optimised the whole ISL website using WordPress editor. The SEO Optimisation lead to an increase of lead inquiries on our website from just 1 per month, to 2-3 new leads. My biggest leads being Malta Public Transport (largest transport service in Malta), and GO Mobile (largest telecom service in Malta).
- Full launch of "Solutions that suit your business" Campaign during ISL's 30th Anniversary. Helped organise staff event (over 100 people), where the objective was to revive ISL brand ahead of the future years to come.

NOV 2019 - SEP 2022

Overview

Started & grew online bakery business where I worked on everything from baking orders, to managing social media campaigns & organising my finances.

The business ended up taking off due to my creative and tasty bakes, social media collaborations and intolerance bakes that I delivered to my clients.

DRINU'S WORK

SUCCESSFUL PROJECTS

- Created various seasonal campaigns promoting different baked goods, such as my traditional Maltese figolli, Christmas-themed cakes and summer cakes in a jar concept.
- What also helped grow the business was the number of collaborations I've done during the year. My most notable collabs were with +Boost & Big Rons Records. These collaborations gave me exposure to new audiences, attracting different people and growing my business.
- I also ran multiple seasonal pop-up stands selling my baked goods at various events. The pop-up stands were a good way to gain exposure, and deal 1-on-1 with the client and help create a direct relationship with the client.

The Life of Drinu

Life outside of the 🌟digital world🌟

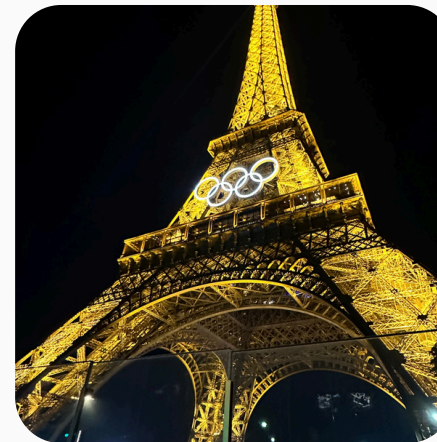

Tifoso Giallorosso

I'm a huge Roma fan, and I try to make it a point to see them as of as possible each year! My love also lead me to join the fanbase club committee, where I served 2 years rebranding & promoting.

Travel Junkie

Whether its Rome or backpacking the East Coast of Australia, I love to travel & explore the world we live in. Traveling lets me connect with so many different people with different mindsets.

A Huge Foodie

If the bakery wasn't enough evidence on my love for food, I've also started putting myself out there and posting fun weekly cooking reels on my instagram & TikTok!
