

Wallet Name	Price	Security Features	Supported Crypto	Connectivity	Best For
Arculus	\$99	NFC-based, Multi-factor authentication	800+	NFC, Mobile App	Advanced NFC authentication
BC Vault One	\$99	Secure vault architecture	1,000+	Secure offline transactions	Secure storage vault
Bitcoin Hardware Wallet	\$140	Fingerprint sensor, Encrypted, private keys	Bitcoin-only	USB	Bitcoin only
BitBox 09 Bitcoin ONLY	\$155	Integrated secure chip, Invisible touch sensors, Firmware & software security, Wallet backup, Physical protection, Privacy features, Threat model	Bitcoin-only	USB-C	Beginner friendly
BitBox02 Multi	\$155	Multi-crypto, Open-source	3,500+	USB-C	Beginner-friendly multi-crypto
Blockstream Coldcard X	\$149	Military-grade encryption, Anti-theft mode	Advanced security	Fully air-gapped transactions	Offline transactions
Blockstream Jade	\$59	Open-source, Secure chip	Bitcoin-only	USB-C	Secure transactions only
Cypherock X1	\$429	Multi-factor authentication, Biometric security	Ethereum and Bitcoin	Large display, USB-C	Multi-factor security
D'Cent Biometric	\$119	Biometric fingerprint	3,000+	Bluetooth, Mobile App	Fingerprint-secured access
Ellipal Joy	\$49	Air-gapped security	1,000+	QR code scanning	Mobile accessibility
Ellipal Titan 2.0	\$169	Air-gapped, Anti-Tamper	10,000+	QR code scanning, USB-C	Ultimate air-gapped security
Ellipal Titan Mini	\$139	Air-gapped, Anti-tamper	10,000+	Air-gapped, USB-C	Maximum asset protection
Ellipal Titan X	\$139	Upgraded anti-tamper security	Bitcoin-only	Multi-crypto support	Toughest security standards
GridPlus Lattice1	\$69	Air-gapped, QR-based security	Multi-crypto	Steel backup plate	Backup steel security
KeepKey	\$39	Basic security, PIN protection	50+	USB-C	Budget-conscious users
Keystone Essential	\$99	Air-gapped, QR authentication	800+	QR scanning, USB-C	Air-gapped transactions
Keystone 3 Pro	\$149	Air-gapped, 3 security chips, physical anti tamper	1,000+	QR code scanning, USB-C	Fully offline transactions
Keystone 3 Pro Customization	\$249	Fireproof, Waterproof steel backup, Seed Phrase Protection, Air gapped, Anti-tamper, 3 source element chips	5500+, NFTs, 30+ Saifware wallets	Fingerprint recognition	N/A
Ledger Nano Pro	\$449	Large screen, Secure transaction signing	Bitcoin-only	DIY-assembly, Secure chip	Customizable self-assembled
Ledger Nano S Plus	\$79	Secure Element chip	5,500+	USB-C	Budget-friendly, solid security
Ledger Nano X	\$149	Bluetooth, Secure Element chip	5,500+	Bluetooth, USB-C	Advanced users, mobile connectivity
Ledger Stax	\$279	Flexible e-ink display	5,500+	Bluetooth, E-ink display	Premium display and controls
Ngrave Zero	\$398	Air-gapped, Fingerprint	1,000+	Air-gapped	Biometric fingerprint authentication
OneKey Classic 1S	\$99	EAL 6+ Certified Secure chip, Private Keys	7000+ NFT	USB-C	Multi-device sync
OneKey Pro 4 Touchscreen	\$159	Touchscreen, four internationally certified EAL security chips	5000+, NFT	Touchscreen, USB-C	Touchscreen experience, HD camera, Fingerprint unlock
OneKey Pro+OneKey Lite Crypt Seed Storage	\$288	4 internationally certified EAL 6+ security chips, Anti-tamper	5000+, 70+ blockchains, NFTs	USB	Convenient, easy set up.
Passport by Foundation	\$199	Air-gapped, Bitcoin-only	Bitcoin-only	USB-C, PIN security	Bitcoin-only air-gapped
SafePal S1	\$50	EAL 5+ secure element, QR code support	30+ blockchains, 10,000+ tokens	QR code, USB-C, mobile app	Affordable, mobile-friendly
SafePal S1 Pro	\$89	100% air-gapped signing mechanism	100+ Blockchains, unlimited tokens	Bluetooth 5.0 signing mechanism	Affordable, mobile-friendly
SafePal X1	\$69	Basic PIN-based security	500+	USB-C	Low-cost backup
SecuX V20	\$115	Bluetooth, Military-grade encryption	13, 1000 ERC-20 tokens	Bluetooth, USB-C	Premium multi-crypto security
SecuX W10	\$55	Basic security, PIN protection	1,500+	USB-C	Basic PIN protection
SecuX W20	\$89	Certified CC EAL5+, Infineon Solid Flash, Secure Element, Touchscreen	10000+, 300 chains	USB-C	Touchscreen functionality
SeedSigner	\$99	Steel backup plate	N/A	Secure element, Anti-theft	Bitcoin only Advanced Bitcoin transactions
Tangem Wallet	\$55	NFC-based, No battery, Biometric security, password protection	13,000+ NFTs	NFC, Mobile App	NFC-enabled ease of use
Trezor Model T	\$129	Touchscreen, Shamir Backup	1000+ coins & tokens	USB-C	Premium features
Trezor One Original Wallet	\$49	Basic security, PIN protection	1000+ coins & tokens	USB-A	Beginner-friendly, lower cost
Trezor Safe 3	\$79	EAL 6+ Secure Element, Device-entry passphrase, Air-gapped transactions	1000+ coins & tokens	USB-C	Enhanced PIN security
Trezor Safe 5	169	EAL 6+ Secure Element,	1000+ coins & tokens	USB-C	Easy asset management
