PAT Test Results Certificate- Katie plus Juan

Having thoroughly inspected and tested all the electrical equipment used by Katie & Juan in St Albans, Hertfordshire which required testing on 18/06/2025.

I can now certify that following the testing all the electrical equipment which is listed in the attached inventory prepared by us dated 18/06/2025 has now passed and is safe to use.

All electrical items labelled with pass labels & listed in inventory met the requirements of the Code of Practice for In-service Inspection and Testing of Electrical Equipment as published by the Institution of Engineering and Technology.

Re-test due date June 2026

Signed: A. Day Dated: June 2025
