

Sketching Ideas

Have a sketchbook and pen with you always.

"Draw what you see, not what you know." Sharon Santillo

On a walk: leaves, buds, seeds, pods, cones, bark, rocks, flowers, insects

From the bus/train: always changing clouds, sunrise, sunset

At sporting events: turn stick figures into silhouettes of players against a bright sky

At a park: horizon line and sky, bird's eye view, worm's eye view, shadows
