PASSIONS, GOALS & INVOLVEMENT

Media arts and production is my gateway into the creative side of Journalism. I have aspirations to work as a creative director for companies and brands and to assist in telling their stories.

To supplement my affinity for filmmaking and movies, I co-launched the sketch comedy group WaywardSonsTV in 2024. Utilizing my exemplary skills in screenwriting, cinematography, editing and directing, I co-created two web series, "Wayward Sons" & "The Frachelor" alongside other comedic sketches of high quality.
