

Company Profile

# PT. TROPICOAL NUSANTARA GLOBAL

The Perfect Briquette, *to Lead the Market.*

# About Company

PT. Tropicoal Nusantara Global was founded by a team of professionals with extensive experience in international trade and natural resource management. Through [Tropicoal.id](https://tropicoal.id), we channel this collective expertise to serve as your trusted partner for premium briquettes. We are passionate about bridging the gap between Indonesia's high-quality resources and the global market, fostering reliable and sustainable partnerships to support your business growth.

---

# Product Certification

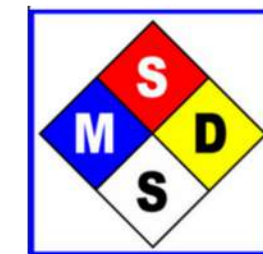

To ensure the consistent quality of each batch, both briquette and wood charcoal undergoes comprehensive testing by accredited independent laboratories.

We adhere to international standards with meticulous checks, including assessments of ash content, fixed carbon percentage, moisture levels, and absence of contaminants like stones and dead wood skins. Each batch is certified to meet the stringent specifications of our export markets, assuring that our charcoal is not only of premium quality but also fully compliant and safe for global distribution.

## Our Service

We offer custom orders to your specific requirements. We understand that the current international trade conditions, such as container scarcity and high ocean freight, pose challenges when importing products from Indonesia. In light of this, we strive to provide the best possible service, accommodating your target price and utilizing materials that align with your needs. Our goal is to assist you in overcoming these obstacles and meet your expectations. Feel free to reach out to us for any assistance you may require.

## Private Label and OEM

Our production capabilities include OEM services, allowing us to manufacture products customized specifically to your brand, complete with custom packaging design. We understand the critical importance of brand confidentiality and are committed to taking every measure to safeguard it. Simply share your packaging design with us, and we'll manage the printing and production process seamlessly to meet your specifications

Our Packaging Sizes:

Inner plastic : 1 kg, 800 gr, 500 gr Inner box : 1 kg, 500 gr

Master box : 5 kg, 7 kg, 10 kg, 20 kg Woven Bag : 10 kg, 20 kg
