The Clever Fox and the Basket

A clever fox found a basket full of fresh apples. He tried to open it but the lid was heavy. The fox thought for a while and used a stick to lift the lid slightly.

Peeking inside, he saw the apples shining. He quickly grabbed one and started eating. Suddenly, the basket began to tip over. The fox jumped back but his tail got caught inside!

The fox struggled but couldn't free his tail. He cried for help. A passing crow heard him and flew down.
